

PECO NET METERING/INTERCONNECTION APPLICATION FEES

LEVEL	BRIEF DESCRIPTION ¹	BASE FEE	PER kW FEE ²	ADDITIONAL COSTS ³
1	Certified Inverter based installations of 10kW or less	\$100	None	None
2	Certified Inverter based installations of 2000kW or less	\$250	\$1.00/kW	Costs for engineering work done as part of any additional review will be charged at the current hourly rate, but shall not to exceed \$100/hr.
3	Non-certified, non-inverter based installations of 2000kW or less	\$350	\$2.00/kW	Costs for engineering work done as part of an interconnection study will be charged at the current hourly rate, but shall not exceed \$100/hr.
4	Installations of 2000kW or less with reverse power relays that prevent power flow onto the utility grid or installations that do not meet the requirements for Level 1 or 2	\$350	\$2.00/kW	When a Level 4 application is processed using the Level 1, Level 2 or Level 3 review process, the fees set forth for those particular review levels should apply.

¹ - See 52 Pa. Pa. Code §75.38 through §75.40 for detailed Level descriptions.

² - Based on nameplate capacity rating.

³ - If an application is denied because it does not meet the requirements of a Level 3 or Level 4 review, and the applicant resubmits the application under another Level review procedure, PECO may impose a fee for the incremental expense attributable to the resubmitted application consistent with the fees established for the new level of review.
