

## Important Notice About the Release of Your Account Information

---

As part of Pennsylvania Customer Choice, you can purchase the electricity and natural gas you use from PECO or you can shop for a supplier. You may be able to save money by choosing the right energy supplier for your home or business.

Many options – including different rates and contract terms, renewable energy and other choices – are available to PECO customers through competitive suppliers.

We can help make sure you are aware of all your options by providing important account information to licensed suppliers on your behalf.

PECO can provide suppliers with information including: name, address, account number and energy usage.

***Note: PECO will never provide your phone number.*** You also may request that we do not release any of your account information.
