GAS RATES TO CHANGE BEGINNING JANUARY 1, 2023

Based on recent Pennsylvania Public Utility Commission (PUC) actions, changes will affect your monthly gas bill. For a residential customer using 160 Ccf (one Ccf equals hundred cubic feet) per month, the effect of these approved changes is a total increase of \$16.63 to the typical monthly bill, from \$210.27 to \$226.90, or 7.91%. For a commercial customer using 400 Ccf per month, the bill will increase by \$20.67, from \$502.84 to \$523.51, or 4.11%. The enclosed bill reflects these changes. Here are the details:

Distribution Charges: The PUC has granted PECO a \$54.8 million rate increase to its delivery service charges. Effective January 1, 2023, this change results in a \$16.39 increase in Distribution Charges (including the Customer Charge) on the monthly bill for a typical residential customer using 160 Ccf of gas per month and a \$20.11 increase in Distribution Charges (including the Customer Charge) on the monthly bill for a commercial customer using 400 Ccf per month.

Purchased Gas Cost (PGC): The Natural Gas Supply Charge (included in the PGC) changes as a result of the updated Gas Procurement Charge (GPC) and Merchant Function Charge (MFC). The Natural Gas Supply Charge will increase from \$0.71066/Ccf to \$0.71213/Ccf for a residential customer and from \$0.70826/Ccf to \$0.71007/Ccf for a commercial customer. This change results in a \$0.23 increase on the monthly bill for a typical residential customer using 160 Ccf of gas per month and a \$0.73 increase on the monthly bill for a commercial customer using 400 Ccf per month.

State Tax Adjustment (STA): The STA will change from a value of 0.06% to a credit value of 0.01%. This change will result in a \$0.15 decrease on the monthly bill for a typical residential customer using 160 Ccf of gas per month and a \$0.35 decrease on the monthly bill for a commercial customer using 400 Ccf per month.
