Monthly Budget Bill Amount
This is the amount of your budget bill and what you owe this month. In this example, \$125.00. This amount is based on your previous year's usage.
The budget bill amount is analyzed every four (4) months and may be adjusted up or down depending on your actual usage.
This is done to minimize the amount you may owe or are due at the end of each twelve month period.

A "true up" of your annual usage occurs on the anniversary date you enrolled in budget bill. This amount is the difference between what your budget bill amount is and your actual usage. This difference is either paid on the next month's bill or you can opt to roll it over to the next twelve month period where it becomes part of your new monthly amount.

Deferred Amount Balance
The deferred balance is the difference between the budget amount of \$125.00 and your actual usage of \$143.75, less last month's deferred balance.
After you pay the budget amount, the deferred balance will be a credit of \$42.20.

Shopping Information Box
When shopping for a competitive electric/natural gas supplier, please provide the following:
Account Number: 00000-00000
Electric Rate: Electric Residential Service
Gas Rate: Gas Residential Heating Service
If you are purchasing the energy you use from a competitive supplier, it is important to understand the terms of your contract and expiration date.

Payment Option 1
If on your budget bill anniversary date you decided to apply the deferred balance and the deferred balance is a credit, it will be deducted from your next bill. If the deferred balance is a debit, it will be added to the next bill.

Payment Option 2
If you decide to roll over the amount of the deferred balance whether negative or positive, then the balance/credit will be spread out evenly over the next 12 months and included in your new budget amount.

Total Account Balance
The total account balance of \$82.89 represents your total balance before the budget payment of \$125.00 is received. Once the \$125.00 is received, your total deferred balance is a credit of \$42.40.
Remember, you are responsible for all of your usage!
