

ELECTRIC RATES TO CHANGE BEGINNING JUNE 1, 2020

Beginning with service provided June 1, 2020, changes will affect your monthly electric bill. For a residential customer using 700 kilowatt-hours (kWh) per month, the effect of these approved changes is a total decrease of \$0.88 to the typical monthly bill, from \$101.70 to \$100.82, or 0.87%. The enclosed bill reflects these changes. Here are the details:

Generation Charges: The costs to purchase electricity are passed along to customers at exactly the prices that PECO pays. The generation charges for residential customers will decrease by 0.084 cents to 5.888 cents per kWh beginning June 1, 2020. The charge is \$41.22 per month for a typical residential customer using 700 kWh of electricity per month. The generation charges for small commercial customers will decrease by 0.067 cents to 5.386 cents per kWh. The charge is \$538.60 per month for a typical small commercial customer using 10,000 kWh of electricity per month.

Transmission Charges: The Transmission Service Charge (TSC) for residential customers will decrease by 0.106 cents to 0.517 cents per kWh. The TSC is \$3.62 per month for a typical residential customer using 700 kWh of electricity per month. The TSC for small commercial customers will decrease by \$0.31 to \$1.27/kWh. The TSC for large commercial customers will decrease by \$0.22 to \$1.24/kWh.

Distribution Charges: The distribution charge includes the Non-Bypassable Transmission Service Charge (NBT) which recovers certain regional power grid charges from all distribution customers. The NBT charge for residential customers will increase by 0.090 cents to 0.355 cents per kWh. The NBT is \$2.49 per month for a typical residential customer using 700 kWh of electricity per month. The NBT charge for small commercial customers will increase by \$0.17 to \$0.94/kWh. The NBT charge for large commercial customers will increase by \$0.20 to \$1.04/kWh.

Energy Efficiency Program Charge (EEPC): This charge recovers the costs associated with state required energy efficiency and conservation programs. The EEPC charge (included in the Distribution Charges) for residential customers will decrease by 0.026 cents to \$0.286 cents per kWh. The charge is \$2.00 per month for a typical residential customer using 700 kWh of electricity per month. The EEPC for small commercial customers is increasing by 0.048 cents to \$0.271 cents/kWh. The EEPC for large commercial customers is increasing by \$0.30 to \$1.20/kWh.

(over)

Rate R – Residential Monthly Billed Charges

Customer Charge	\$9.98
Generation Charges	\$0.05888 per kWh
Transmission Charges	\$0.00517 per kWh
Distribution Charges	\$0.06569 per kWh

Minimum Charge: The minimum charge per month will be the Customer Charge. State Tax Adjustment applies to this rate.

Bill Calculation for Rate R Residential Service Customer Using 700 kWh per month for June 2020

Customer Charge	\$9.98*
Generation Charges 700 kWh @ \$0.05888	\$41.22
Transmission Charges 700 kWh @ \$0.00517	\$3.62
Distribution Charges 700 kWh @ \$0.06569	\$45.98*
DSIC (0.04% x (\$9.98 + \$43.92**))	0.02*
Subtotal	\$100.82
STA (0.00% x (\$9.98* + \$46.00*))	(\$0.00)
TOTAL	\$100.82

* State Tax Adjustment applies to the Customer Charge, Distribution Charges and DSIC.

** For calculating the DSIC \$0.00295/kWh is removed from the Distribution Charges.

Customers who purchase the electricity they use from a competitive electric generation supplier would not pay PECO's Generation and Transmission Charges listed above. Instead they would pay the charges of the competitive electric generation supplier they have chosen.

Questions

For more information on any of these changes visit peco.com/rates or call **1-800-494-4000**.

Small business customers can call PECO's Business Customer Service Team at **1-800-220-PECO(7326)**.

Large business customers can contact the account representative listed on their bill.
