Natural gas has an odor
to protect you.

NATURAL GAS SAFETY IS JOB #1

PECO is committed to maintaining a safe and reliable natural gas system. PECO injects odorant into its natural gas to give it a distinctive, rotten-egg odor. If you suspect a leak or smell gas inside or out, leave the area immediately. Then call

PECO's emergency line from a safe location. Don't use matches or turn anything on, including cell phones. Even homes not using natural gas can experience gas leaks from outdoor equipment.

To report a natural gas leak, call 1-800-841-4141.

To learn about additional safety precautions you can take regarding utility service, visit [peco.com/GasSafety](https://www.pECO.com/GasSafety)

If you smell gas, leave the area immediately. Then call PECO at 1-800-841-4141

WHEN YOU DONATE TO CUSTOMERS IN NEED, EVERY DOLLAR COUNTS, TWICE.

Every dollar you donate to PECO's Matching Energy Assistance Fund (MEAF) is matched 100 percent by PECO and given directly to customers in need. These funds are used to provide a one-time grant to

qualifying customers who suffer a catastrophic loss of income.

Make a one-time donation or donate through your PECO bill each month. Every dollar counts, and any amount can make a

difference. Visit peco.com/MEAF to sign up and manage your contributions.

Call **1-800-403-6806** to find out if your household qualifies for MEAF assistance.

On the cover: Stoneleigh Gardens—Formerly a Main Line country estate, Stoneleigh was donated to Natural Lands in 2016 so that it would remain preserved forever. Opened to the public in 2018, the property includes stately trees, winding pathways, and lush gardens that were designed by a number of notable landscape architects over the past century—including the Olmsted Brothers, sons of the famed Frederick Law Olmsted.
