

Looking to save money?

Simple changes can make a difference

With energy costs on the rise, and temperatures falling—we're all looking for ways to stay comfortable and stretch our energy dollars.

- **Turn it off:** Turn off all unnecessary lighting and devices
- **Manage your thermostat:** Keep thermostats at a constant, comfortable level when at home. Install a programmable thermostat to automatically adjust your home's temperature settings when you're away or sleeping
- **Let the sunlight in:** Open blinds, shades and curtains for added warmth

- **Seal the gaps:** around windows, recessed lights and exposed pipes
- **Schedule service** for your heating system
- **Replace** your HVAC filter once per month
- **Close** your fireplace damper unless a fire is burning

PECO Energy Efficiency programs

To learn more about PECO's programs to help you save energy and money visit peco.com/WaystoSave

Manage your energy usage

Visit peco.com/MyAccount to track your usage, set up high bill alerts, get tips and more.

Check and compare pricing

You could save money by checking the price you are paying for your electric or natural gas supply.

Your individual **Price to Compare** is listed in the Message Center of your monthly bill. PECO supports shopping through competitive energy suppliers; we encourage you to understand the terms of your contract. Competitive supplier information can be found at papowerswitch.com

Gas Safety is our priority—all year long

PECO is committed to delivering natural gas safely and reliably to our more than 523,000 gas customers in Southeastern Pennsylvania. PECO's preparations for storms include positioning gas mechanics near areas of potential flooding for a quicker response to reported leaks or damages.

- Report a loss of service or water in natural gas pipes, equipment, or appliances to PECO immediately
- If you suspect a gas leak or if flood waters come in contact with your gas meter or pipes, leave the area immediately and contact PECO from a safe place at **1-800-841-4141** or (alternate number) **1-844-841-4151**.

When you donate to customers in need, every dollar counts, twice.

Every dollar you donate to **PECO's Matching Energy Assistance Fund (MEAF)** is matched 100 percent by PECO and given directly to customers in need. These funds are used to provide a one-time grant to qualifying customers who suffer a catastrophic loss of income.

Make a one-time donation or donate through your PECO bill each month. Every dollar counts, and any amount can make a difference. Visit peco.com/MEAF to sign up and manage your contributions.

Call **1-800-403-6806** to find out if your household qualifies for MEAF assistance.

On the cover: Rowers of all ages and skill levels flock to the Schuylkill River to practice, compete, learn and explore the sport of rowing on the Schuylkill River. In 2021, Saint Joseph's Preparatory School Varsity 8 boat (pictured practicing here) captured the school's first national championship at the US Rowing Youth Nationals.
