HOLIDAY LIGHTING
Put safety at the top of your list!

USE SAFETY-APPROVED LIGHTS:
Use only lights tested and approved for safety by
a nationally recognized testing laboratory.

INSPECT: Check all lights for broken or
cracked sockets, frayed or bare wires or loose
connections. Discard damaged lights.

ATTACH PROPERLY: Make sure outdoor
lights are securely attached to trees, walls or other
structures to protect from damage.

WATCH EXTENSION CORDS:
Don’t use more than three standard-size
sets of lights for each single extension cord.

TURN OFF: Before you go to bed or leave
the house, turn off the lights on trees and
other decorations.
