In response to the COVID-19 Pandemic, PECO understands and is taking steps to help. PECO has suspended service disconnections and is waiving new late payment charges through at least June 1, 2020. In addition, PECO will continue to remind customers of existing bill assistance resources and energy efficiency programs to support them through temporary or extended financial hardship.

In addition, PECO has contributed $500,000 to the United Way and its many local chapters to help provide essential support to food pantries, mortgage and rent relief, utility payment assistance and cash assistance.

As a provider of critical infrastructure, PECO has robust plans and contingencies to ensure business and operational continuity across a wide range of potentially disruptive events, including extensive preparedness for a major public health crisis.

Along with Exelon and our sister utility companies, we are working in close coordination with designated state and local emergency preparedness and health officials, and at the federal level.

For updates on how PECO is helping our community through this crisis, visit peco.com/coronavirus.
