

PECO Energy Company

***Request for Proposals
To Supply***

Solar Alternative Energy Credits

In Compliance With

***Pennsylvania's Alternative Energy Portfolio
Standards Act***

_____, 2021

ARTICLE 1 INTRODUCTION

- 1.1 In this Request for Proposals (“RFP”), PECO Energy Company (“PECO” or the “Company”) is voluntarily soliciting competitive proposals for supply of Alternative Energy Credits (“AECs”) from Tier I solar Alternative Energy Systems under Pennsylvania’s Alternative Energy Portfolio Standards Act, 73 P.S. § 1648.1 (“AEPS” or the “Act”).¹ PECO intends to use these AECs to apply towards its future AEPS obligations, and seeks to enter into fixed-price, ten-year agreements with successful bidders to purchase up to a total of 16,000 AECs annually through two solicitations (in 2021 and 2022). PECO will employ a two-phase annual procurement process involving a competitive bid phase (the RFP) followed by a Standard Offer To Purchase (“SOTP”) phase. This document describes the process by which bidders may qualify and participate in the RFP and/or the SOTP phase of these solicitations.
- 1.2 PECO is a corporation organized and existing under the laws of the Commonwealth of Pennsylvania with its principal corporate office in Philadelphia, Pennsylvania. PECO is an electric distribution company under Pennsylvania law and provides electric delivery service to approximately 1.6 million retail customers in Southeastern Pennsylvania. PECO’s electric delivery service territory falls entirely within the area served by PJM Interconnection, LLC (“PJM”).
- 1.3 PECO is implementing the RFP and SOTP in two stages. Bidders must first qualify by submitting an application (an “Application”) to PECO demonstrating their qualifications, as described in detail in Section 4.2 (Bidder Qualifications). These qualifications include the ability to provide AECs to PECO from one or more Tier I, solar Alternative Energy Systems in accordance with the Act commencing no later than twelve (12) months from the date that RFP/SOTP results are approved by the Pennsylvania Public Utility Commission (“PA PUC”).
- 1.4 Following qualification, bidders may submit a bid proposal (“Bid Proposal”) to deliver a specified amount of AECs annually from a single or multiple Alternative Energy System for a term of ten (10) years, with a single fixed price for each delivered AEC. Bid Proposals in the RFP stage will be ranked by price, and PECO will execute an AEC purchase and sale agreement with each successful bidder using one of the forms attached hereto as Exhibit 1-a (Form Solar Alternative Energy Credit Purchase and Sale Agreement (Project Version)) or Exhibit 1-b (Form Solar Alternative Energy Credit Purchase and Sale Agreement (Aggregator Version)) (each, an “AEC Purchase and Sale Agreement”). Bidders executing the Project Version will provide Solar AECs from specific facilities, while bidders executing the Aggregator Version will be procuring Solar AECs from multiple solar systems (e.g., smaller residential systems) for delivery to

¹ All capitalized terms not expressly defined herein are defined in the form Solar Alternative Energy Credit Purchase and Sale Agreement attached as Exhibit 1.

PECO. Bidders in the SOTP stage will be ranked on a ‘first come, first served’ basis, as determined by the Application Receipt Date in the SOTP stage.

- 1.5 AECs purchased and delivered to PECO will be inventoried by PECO and used to partially satisfy the Company’s AEPS solar obligations on or after June 1, 2021 and in subsequent years. PECO is not purchasing electricity or capacity through this RFP.
- 1.6 The Pennsylvania Public Utility Commission (“PA PUC”) has approved the procedures described in this RFP and the terms of both forms of the AEC Purchase and Sale Agreement by order dated _____, 2020, in Pa. PUC Docket No. _____ (“PUC Order”). The RFP process will be managed by PECO, with the opening and ranking of bids monitored by [company name] (the “RFP Monitor”). **Potential bidders are strongly urged to review both the RFP and the AEC Purchase and Sale Agreement and to consult with counsel with respect to requirements and obligations under this RFP and the AEC Purchase and Sale Agreement.**
- 1.7 The following documents are attached to this RFP Overview and are to be considered part of the RFP:

- Exhibit 1: Form of PECO Solar AEC Purchase and Sale Agreement
 - Exhibit 1.a: Project Version
 - Exhibit 1.b: Aggregator Version

- 2.5 Informational Website and Updates. PECO will establish a website for electronic copies of RFP materials, posting of questions and answers, and other updates on this RFP. Bidders are encouraged to review this website regularly. In its sole discretion, PECO will endeavor to provide e-mail notification of important website updates to those bidders who have filed non-binding notices of intent to bid in this RFP.

ARTICLE 3 PROJECT ELIGIBILITY AND REQUIREMENTS

- 3.1 Eligibility. Applications may be submitted by qualified entities who currently own, propose to develop, or have rights to, Tier I solar Alternative Energy Credits from solar photovoltaic Alternative Energy Systems. Successful bidders must commence delivery of AECs to PECO no later than twelve (12) months from the date that RFP results are approved by the PA PUC. Entities who seek to submit bids from multiple Alternative Energy Systems must submit a separate Application for each such system. Entities which own solar photovoltaic Alternative Energy Systems that generate AECs and supply energy to a retail electric customer (a “Host”) in accordance with applicable net metering requirements in the service territory of the electric utility in which the System is located are also eligible to apply. Entities that plan to aggregate AECs from multiple systems over the term of the agreement (“Aggregators”) must submit one Application as an Aggregator.
- 3.2 General Requirements. Successful bidders must be able to meet all requirements of the AEC Purchase and Sale Agreement. Bidders will be required to demonstrate in Bidder Applications that they can meet all specified terms of the AEC Purchase and Sale Agreement and that they take no exception to the Agreement terms. Failure to do so will result in exclusion of the bidder’s Applications from further consideration.
- 3.3 Contract for AECs Only; Location of AEC Alternative Energy System. AEC Purchase and Sale Agreements executed pursuant to this RFP will be for AECs only. Successful bidders will retain title to all generated electricity and capacity associated with Alternative Energy Systems generating the AECs purchased by PECO, where applicable. Successful bidders, where applicable, shall be responsible for undertaking all activities and paying all costs and charges associated with developing, permitting, and operating the bidder’s Alternative Energy System, including all costs associated with any delivery of energy to a Host or to an interconnection point within the PJM Interconnection Regional Transmission Organization grid. For the RFP stage, AECs delivered must meet the Pa PUC AEPS requirements for the AEPS Solar Tier I obligation. For the SOTP stage, AECs delivered to PECO must meet the Pa PUC AEPS requirements for the AEPS Solar Tier I obligation and the Alternative Energy System(s) used to generate the AECs must be physically located in the service territory of the Company.
- 3.4 Delivery of AECs. All AECs shall be delivered to PECO using the PJM Generation Attribute Tracking System (“PJM GATS”) and become the sole property of PECO.
- 3.5 Pricing and Term. Bidders in the RFP stage will specify in Bid Proposals an annual contract amount of AECs to be delivered to PECO (the “Contract Amount”) during a AEPS reporting period (June 1 – May 31), with a single, fixed price for each delivered AEC. Bids must be based on a ten-year contract term, commencing upon the Commercial Operation Date (Project Version) or Execution Date (Aggregator Version) under the Solar AEC Purchase and Sale Agreement. All agreements (Project Version and Aggregator Version) shall terminate no later than May 31, 20XX. In the event that the

Commercial Operation Date does not coincide with the beginning of an AEPS reporting period (i.e., in June), the contract term may be extended an initial period of up to eleven months so that each year of the ten-year term is coincident with AEPS reporting periods. (For example, if an Alternative Energy System is scheduled to achieve Commercial Operation in January, 1, 2022, an initial period from the date of Commercial Operation to May 31, 2022, would be included in the Term of the AEC Purchase and Sale Agreement, and the agreement would terminate on May 31, 2032). Delivery of AECs from an existing system will commence the month after execution of an AEC Purchase and Sale Agreement by the successful bidder. Delivery by an Aggregator may commence the month after execution of an AEC Purchase and Sale Agreement and may commence up to six months after execution, with the extension periods in this paragraph also applicable for commencement dates after June 1. Timing for commencement of deliveries shall be specified in the Aggregator's bid.

- 3.6 Development Security and Performance Security. Successful bidders developing new facilities will be required to post Development Security (cash deposit or letter of credit) with PECO of 2% of the Nominal Contract Value, defined as the Contract Amount (in AECs /year) multiplied by ten years multiplied by the bid price (in \$/AEC). This development fee shall be returned if the bidder achieves the Commercial Operation Date specified in the bidder's Bid Application. If the date is not achieved, some or all of the development fee will be forfeited and retained by PECO in its sole discretion. Performance security equal to 5% of the Nominal Contract Value, declining annually by 0.5% over the term of AEC Purchase and Sale Agreement, must be posted (i) by bidders of existing facilities upon execution of an AEC Purchase and Sale Agreement; (ii) by developers of new facilities upon commencement of Commercial Operation, or (iii) by Aggregators upon commencement of AEC deliveries. Performance security shall be recalculated annually thereafter based on the method described in Article 6 of the AEC Purchase and Sale Agreement, and shall be based on the remaining year of the term at the time of calculation. Performance Security will be returned to the bidder upon successful completion of all obligations under the AEC Purchase and Sale Agreement.
- 3.7 Contract Guarantee. In the event that PECO does not annually receive the Contract Amount under the Project Version of the AEC Purchase and Sale Agreement, PECO must be provided with replacement Tier I solar AECs of the same vintage year as the AECs PECO should have received but did not receive. Failure to provide AECs (Aggregator Version) or replacement AECs (Project Version) will require a payment equal to the solar alternative compliance payment established by the PA PUC for each AEPS reporting period, (the "ACP") or the Contract Price of the AEC, whichever is greater, multiplied by the quantity of undelivered AECs.
- 3.8 AEC Rollover. At Seller's discretion, upon notice to PECO no later than June 30th of each year, AECs produced by a winning bidder's generating unit, where applicable, during the prior AEPS reporting period in excess of the Contract Amount may be sold to PECO and credited against the next Contract Year's delivery obligations. Such excess AECs must be delivered no later than July 31st of such year. The AEC Rollover provision does not apply to Aggregator bidders.

ARTICLE 4 BIDDER QUALIFICATION

- 4.1 Bidder Application. In order to submit a bid proposal in response to this RFP, a bidder must an Application for approval by PECO using the form attached hereto as Exhibit 3 (Form of Bidder Application). All Applications shall be submitted to the email address [to be specified]. PECO will confirm receipt of Applications by email. Applications which are incomplete, do not conform to the form attached hereto, or otherwise do not satisfy all requirements of this RFP shall not be considered. Submission of a Bidder Application constitutes a bidder's agreement to and acceptance of all terms and conditions of this RFP. An Application must be received by 5:00 p.m. (Eastern Prevailing Time) by the application deadline date to be considered.
- 4.2 Bidder Qualifications. Time is of the essence in this solicitation, and bidders that cannot demonstrate an ability to achieve Commercial Operation commencing no later than twelve (12) months from the date that RFP results are approved by the Pennsylvania Public Utility Commission ("PA PUC") will be eliminated from further consideration. In order to qualify to submit a bid proposal, a bidder must demonstrate and document in the Application that it satisfies the following criteria (the "Bidder Qualifications"):
- (a) Has secured or will secure all required rights to ensure a Commercial Operation Date within twelve months of approval of the RFP results by the PA PUC (Project bidders);
 - (b) Has obtained or will obtain all required local, state and federal permits to ensure a Commercial Operation Date within twelve months of approval of the RFP results by the PA PUC (Project bidders);
 - (c) Has secured or will secure all necessary equipment and services required to ensure construction and testing for a Commercial Operation Date within twelve months of approval of the RFP results (including a commitment letter or equivalent document from a solar module vendor showing the availability and delivery schedule for all modules for the project) (Project bidders);
 - (d) Has or will be certified as an "Alternative Energy System" capable of delivery of AECs equal to or greater than the Contract Amount the bidder intends to bid in response to this RFP (Project bidders);

- (i) For new projects, financial backing sufficient for the project to achieve a Commercial Operation Date on or before twelve months after approval of the RFP results by the PA PUC, demonstrated by a letter from the project financier(s) stating the name of the financial institution, contact information for the person preparing the letter, the structure of any proposed financing (confidential information such as proposed financing costs need not be disclosed), confirmation that the financier(s) have reviewed project pro forma statements, have reviewed this RFP and the AEC Purchase and Sale Agreement, have reviewed the bidder's anticipated offer to the Company, including project costs and pricing terms, and that based on this review, the financier(s) consider the project financeable, given project costs as currently known, at the bidder's proposed price and that the financier(s) has a strong interest in financing the project (Project bidders); and
- (j) Has or will own the right to all AECs associated with their bids in their entirety and be capable of transferring undivided rights to those AECs to PECO for the duration of the AEC Purchase and Sale Agreement, without restriction (All bidders).

In order to qualify to submit a bid proposal, an Aggregator bidder must demonstrate and document in the Application that it satisfies the following alternative criteria:

- (a) A business plan that supports the delivery of the Contract Amount of AECs in the Aggregator's bid;
- (b) Sufficient management and other personnel experienced in the business of aggregating AECs for resale, including the purchase and sale of at least 700 Tier 1 solar AECs in Pennsylvania in the calendar year preceding PECO's RFP; and

4.3 Reserved.

4.4 Minimum Contract Amount. Only Applications in which the bidder intends to propose a Contract Amount equal to or in excess of 200 AECs shall be considered by PECO.

- 4.5 Confidentiality Agreement. All Bidder Applications shall include two copies of the Confidentiality Agreement (attached hereto as Exhibit 6) executed by the bidder. PECO will promptly execute the Agreement and return a copy to the bidder.
- 4.6 PECO Affiliates. Affiliates of PECO are permitted to submit Applications and to participate in this RFP to the same extent as any other entity.
- 4.7 Multiple Bids. Bidders will be permitted to submit up to three Bid Proposals for a single facility provided that each such Bid Proposal offers different Contract Amounts at different prices. Multiple bids must be structured in a way that, should all bids win, the facility is capable of delivering the total of Contract Amounts offered. If a bidder intends to bid more than one facility, a separate Application must be submitted for each facility. Aggregators may submit up to three bid Proposals at different prices for each proposal. Aggregators must demonstrate in their Application that, should all bids win, the Aggregator is prepared and capable of delivering the total of Contact Amounts offered. Multiple Bids only apply to the RFP stage; multiple bids do not apply to the SOTP stage of the solicitation process.
- 4.8 Bid Deposit. Each Application shall be accompanied by a bid deposit (a “Bid Deposit”), in the form of a certified check, or wire payment, equal to the amount corresponding to the Contract Amount of AECs the applying bidder intends to bid in response to the RFP:

Contract Amount (AECs)	Bid Deposit (US\$)
200 to 1,000	\$10,000
1,001 to 2,000	\$20,000
2,001 to 3,000	\$30,000
3,001 to 4,000	\$40,000

Bid Deposits submitted by a bidder whose Application is rejected or who is not selected for execution of an AEC Purchase and Sale Agreement shall be refunded at the time of rejection or upon notification of successful bidders. No interest shall be paid on Bid Deposits. A qualified bidder may not submit a Bid Proposal for a Contract Amount in excess of the Contract Amount for which the bidder provides a Bid Deposit. PECO will also refund the Bid Deposits of bidders who are qualified but who subsequently do not submit a Bid Proposal. Bid Proposals submitted for Contract Amounts that exceed that maximum Contract Amount for the Bid Deposit received will be rejected.

- 4.9 Additional Information. PECO may, but is not obligated to, request additional information and materials from any bidder for evaluation of an Application. Information submitted by a bidder absent a request by PECO which is not in the nature of a correction or clarification to the Application will not be considered by PECO. If any information in an Application is no longer true, Bidder shall immediately notify PECO of the changed

information. Failure to provide such notification or respond to a request for additional information and materials may result in disqualification of the bidder and rejection of any Bid Proposal. PECO shall have no duty to inform any bidder of any deficiency in its Application.

- 4.10 Application Evaluation and Notification of Applicants. PECO, in its sole discretion, will evaluate each Application using a standard protocol for its completeness and satisfaction of the Bidder Qualifications. The RFP Monitor will oversee this evaluation. PECO will provide each bidder with notice of its satisfaction or failure to satisfy the Bidder Qualifications by the date for Notification of Bidder Qualification set forth in Section 2.3 hereof.

ARTICLE 5 BID PROPOSALS

- 5.1 Submission of Bid Proposals. Only bidders who submit an Application and receive notice of qualification as provided in Article 3 will be permitted to submit a Bid Proposal. PECO will provide Bid Proposal forms to qualified bidders substantially in the form of Exhibit 5. A bidder must submit an original and three copies of its Bid Proposal to the address specified on the Bid Proposal form provided by PECO no later than the Bid Proposal Due Date. Each Bid Proposal shall be submitted in a sealed envelope clearly marked “BID PROPOSAL” with bidder’s previously assigned bid number on the outside of the sealed envelope.
- 5.2 Other Limitations. Bid Proposals that are incomplete, unsigned, or otherwise do not conform to the form of the Bid Proposal provided herein shall be rejected by PECO. No Bid Proposal may be conditioned on any other Bid Proposal. Any bid that is contingent in any way shall be rejected as non-conforming. PECO may reject any Bid Proposal which it determines, in its sole discretion, is submitted by a bidder in coordination or in concert with any other bidder.

ARTICLE 6 EVALUATION OF BID PROPOSALS

- 6.1 Preparation of Market Benchmarking Analysis. The RFP Monitor will prepare a solar AEC market benchmarking analysis and provide it to the Office of Consumer Advocate (“OCA”) and the Office of Small Business Advocate (“OSBA”) (if they so desire) on a confidential basis five (5) days ahead of Bid Proposal Due Date. OCA and OSBA will then have three (3) days to submit, on a confidential basis, any comments on the benchmarking analysis to the RFP Monitor and to PECO.
- 6.2 Evaluation of Bid Proposals. For the RFP stage, all Bid Proposals will be opened by the RFP Monitor, who will rank proposals by price and Contract Amount. A Bid Proposal offering a larger Contract Amount at the same price as another Bid Proposal will be prioritized over the Bid Proposal offering the lower Contract Amount, provided that the RFP Monitor may assign a higher priority to a Bid Proposal with a lower Contract Amount where the Bid Proposal offering the larger Contract Amount will cause PECO to

exceed the maximum number of AECs sought in a procurement (the “RFP Maximum”). Where acceptance of a Bid Proposal will cause PECO to exceed the RFP Maximum but rejection would require PECO to contract with a bidder offering AECs at a higher price in order to obtain the RFP Maximum, PECO shall have the right to negotiate a lower Contract Amount with the bidder offering the lower price. In the SOTP stage, Bid Proposals will be ranked by the Application Receipt Date and Contract Amount until the RFP Maximum quantity is met or the 90-day SOTP Window ends, whichever comes first. Any Applications received on or after midnight will be deemed to have been received on that date; PECO will not differentiate Application receipt times within a day. A Bid Proposal offering a lower Contract Amount at the same Application Receipt Date as another Bid Proposal will be prioritized over the Bid Proposal offering the larger Contract Amount. Where acceptance of a Bid Proposal will cause PECO to exceed the RFP Maximum but rejection would require PECO to contract with a bidder offering AECs at a later Application Receipt Date in order to obtain the RFP Maximum, PECO shall have the right to negotiate a lower Contract Amount.

- 6.3 Selection of Successful Bidders and PA PUC Approval. Upon completion of the evaluation of Bid Proposals, the RFP Monitor shall prepare a report of the RFP results in consultation with PECO, summarizing the bidder qualification process and the Bid Proposals and identifying the successful and unsuccessful bidders, along with successful and unsuccessful Bid Proposals. The report in the RFP stage shall include the market benchmarking analysis prepared under Section 6.1. The RFP Monitor will append any comments on the analysis submitted by OCA and/or OSBA to its report to the Commission, but shall retain the discretion to take the comments of OCA and/or OSBA into account or not in its own report, as it believes appropriate. The report shall then be submitted to the PA PUC for approval. A report will be submitted to the PA PUC for approvals after the RFP stage and after the SOTP stage.
- 6.4 PA PUC Approval. The PA PUC will have ten (10) calendar days to review the report of the RFP Monitor and approve the report and bid prices submitted by successful bidders as consistent with the PUC Order. Bids from at least three bidders, who are not affiliated with each other, must be received in response to the RFP as a condition for PA PUC approval of any successful bids. If the results are approved, PECO shall notify all bidders of the PA PUC’s decision and the results of the RFP. If the results are not approved, PECO will not sign any AEC Purchase and Sale Agreement with winning bidders.
- 6.5 Execution of AEC Purchase and Sale Agreement. Upon approval of the results by the PA PUC and subject to all provisions of this RFP (including Section 7.8), PECO shall prepare two copies of an AEC Purchase and Sale Agreement with information from the successful bidder’s Application and Bid Proposal inserted and transmit those copies to the applicable bidder within five (5) business days of notification by PECO. Bidder shall execute and return the AEC Purchase and Sale Agreement to PECO with all Development Security or Performance Security as required under the AEC Purchase and Sale Agreement within ten (10) business days.

- 6.6 Forfeiture of Bid Deposit and Disqualification; Alternative Selection. Failure of a successful bidder to execute the AEC Purchase and Sale Agreement and provide Development Security or Performance Security to PECO as provided in Section 6.5 may result in the disqualification of such bidder from this RFP and forfeit of the entire Bid Deposit of that bidder.
- 6.7 Consideration of Additional Bidders. PECO reserves the right to enter into discussions with higher cost bidders if agreements with lower cost bidders are not executed.
- 6.8 Release of Winning Bid Price Information. PECO will release the average weighted price of the winning bids in the RFP Stage no later than fourteen (14) days after all agreements are executed. The average weighted price will be released regardless of the number of winning bidders, but the number of winning bidders will not be released. This average weighted price of winning bids from the RFP stage will determine the price for the SOTP stage.

- 7.8 Not an Offer. This RFP is issued to elicit responses to PECO's inquiry and is not an offer. PECO also reserves the right to amend, suspend, or terminate the RFP process at any time, without reason and without liability, and makes no commitments, implied or otherwise, that this process will result in a business transaction with one or more bidders. No contract or other binding obligation on PECO will be implied unless and until an agreement has been executed on terms and

conditions acceptable to PECO. PECO also reserves the right to not execute agreements with any or all bidders should the Company determine, in its sole discretion, that would not guarantee delivery, would impose unreasonably high costs on the Company's customers and/or would violate existing regulatory standards.

- 7.9 Non-conforming Applications and Bid Proposals. PECO reserves the right to reject any Application or Bid Proposal at any time on the grounds that it does not conform to the terms and conditions of this RFP or the bidder has not complied with the provisions of this RFP.
- 7.10 Interpretation. Notwithstanding any provision of this Agreement, in the event an AEC Purchase and Sale Agreement is executed between a bidder and PECO, that agreement shall control over any provision of this RFP.

ARTICLE 2 TERM AND TERMINATION

2.1 Effective Date and Term. This Agreement shall be effective on the Effective Date. If the Facility has achieved Commercial Operation on or prior to the Effective Date, the Term shall commence on the Effective Date; otherwise, the Term shall commence on the Commercial Operation Date. Unless sooner terminated as provided herein, this Agreement shall end on May 31, 20__ (the “Termination Date”).

2.2.1 At any time by the mutual written consent of the Parties;

2.2.2 By the Non-Defaulting Party if an Event of Default occurs as provided for in Article 9, with such notice as required therein;

2.2.3 By Either Party:

(a) In the event that the Seller shall have failed to enter into an Interconnection Agreement, if applicable, and, if necessary, a Construction Service Agreement within 180 days after the Effective Date, but only if the Party seeking to terminate this Agreement provides notice of its intent to terminate no later than 150 days after the Effective Date;

(b) In the case of a Force Majeure event, the non-terminating Party fails to substantially perform its obligations under this Agreement on account of such Force Majeure event for a period exceeding 180 days after the occurrence of such Force Majeure event, and after thirty (30) days written notice; provided that such 180-day period may be extended, by the written agreement of both Parties, for an additional 180 days if (i) such Force Majeure event is not remedied within such 180-day period with reasonable diligence, (ii) such Force Majeure event may reasonably be expected to be remedied within such 180-day period, and (iii) the Party not performing its obligations under this Agreement on account of such Force Majeure event promptly undertakes to remedy such Force Majeure event and continues with reasonable diligence to effect such remedy within the 180-day period.

Termination under this Article 2 shall be effective immediately after written notice is given, subject to any applicable notice requirements or extensions agreed to by the Parties. If this Agreement is terminated pursuant to any of the provisions above, the effective date of such termination shall be deemed the “Early Termination Date.”

2.4 Survival.

2.4.1 Termination of this Agreement for any reason shall not relieve PECO or Seller of any obligation accrued or accruing prior to such termination, and the following

provisions of this Agreement shall survive any termination: Article 1, Sections 2.4, 2.5, 3.2, 3.3, 3.4, 3.5, 3.7, 6.4, 6.6, 7.4, 7.6, 7.7, 11.2, 11.3, 12.1, and Articles 9, 13 and 14.

2.5 Preservation of Security. In the event that Seller has provided a Letter of Credit under the terms of this Agreement, Seller will preserve the Letter of Credit in place until all payments due under this Agreement for which the Letter of Credit has been provided have been made in full.

ARTICLE 3 PURCHASE AND SALE OF AECS

3.1 Purchase and Sale of AECS. Subject to the terms and upon the conditions and provisions of this Agreement, Seller shall sell, and PECO shall purchase, all rights, title and interest in the AECS generated by the Facility up to the Contract Amount for each Contract Year.

3.2 Delivery of AECS by Seller. For each Semi-Annual period of the Contract Year during the Term, Seller shall Deliver Certificates to PECO for all AECS created by the Facility in such Semi-Annual period (the "Semi-Annual AECS") until PECO has received the Contract Amount for the current Contract Year, provided that where the Contract Amount is less than the Estimated Annual Total Facility AEC Production, Seller may Deliver a proportion of the Semi-Annual AECS equal to the product of the number of Semi-Annual AECS multiplied by the Contract Amount and divided by the Estimated Annual Total Facility AEC Production. The Delivery of the Semi-Annual AECS shall be completed no later than the fortieth (40th) day following the end of such Semi-Annual period, or such other date as PECO and the Seller may agree to in writing. Seller and PECO are each responsible for their own costs associated with establishing and administering any accounts with the Registry sufficient to accomplish the Delivery of all AECS. Seller agrees to execute all other documents or instruments, at its expense, necessary to effectuate the Delivery of the AECS to PECO or as may be reasonably requested by PECO. All AECS transferred to PECO shall be free and clear of all Liens. Nothing in this Section shall reduce Seller's obligations under Section 3.4.

3.3 Ownership of and Title to AECS. PECO shall have sole, exclusive and perpetual ownership of all AECS Delivered to PECO by Seller under this Agreement, including all rights to sell, assign, transfer, apply, or retire any AEC transferred to PECO by Seller, provided, however, that Delivery of an AEC shall not transfer eligibility or other rights to Facility Benefits. Title to AECS shall not transfer to PECO prior to Delivery by Seller. Any benefits derived from the AECS after Delivery to PECO shall inure solely to the benefit of PECO and not to Seller.

3.4 Contract Amount Guarantee. Seller shall transfer a total amount of AECs from the Facility equal to the Contract Amount for each Contract Year. In the event that Seller is unable to transfer an amount of AECs equal to the Contract Amount for each Contract Year for any reason other than a Force Majeure Event, Seller shall, within forty-five (45) days of the end of such Contract Year, transfer an amount of AECs to PECO through the Registry which is equal to the amount of AECs Seller failed to provide from the Facility for such Contract Year (each a “Replacement AEC”). Any Replacement AEC transferred to PECO by Seller pursuant to the preceding sentence shall be available to PECO for purposes of compliance under the Act for the two AEPS Reporting Years following the last Month of the Contract Year. In the event that Seller fails to provide Replacement AECs as provided under this Section, Seller shall pay PECO within forty-five (45) days of the end of the Contract Year an amount equal to the Alternative Compliance Payment (a “Replacement AEC Payment”) for each AEC which Seller fails to transfer to PECO for such Contract Year as liquidated damages. If the PaPUC subsequently determines that the Alternative Compliance Payment for the AEPS Reporting Year in which Seller failed to Deliver the Contract Amount is more than the amount Seller paid for each AEC not Delivered, Seller shall pay PECO the difference between the amount Seller paid per AEC and the actual Alternative Compliance Payment. If Seller has paid PECO an amount in excess of the actual Alternative Compliance Payment for each AEC not Delivered, PECO shall pay Seller the difference between the amount Seller paid per AEC and the actual Alternative Compliance Payment. All such additional payments shall be paid by PECO or Seller, as applicable, within thirty (30) days of the PaPUC’s determination of the applicable Alternative Compliance Payment for an AEPS Reporting Year.

3.5 Non-Compliant AECs. In the event that any AEC transferred to PECO is subsequently determined to be unable to be used by PECO for AEPS compliance due to Seller’s failure to comply with any obligation under this Agreement, Seller shall transfer an equivalent AEC to PECO. All AECs transferred to PECO under this Section shall be available for use by PECO for purposes of compliance under the Act as if the AEC had been created at the time the non-compliant AEC was created. Any additional costs or penalties incurred by PECO resulting from the transfer of non-compliant AECs by Seller shall be paid for by Seller.

3.6 Excess AECs. In the event that Seller shall generate from the Facility and possess AECs in excess of the Contract Amount during any Contract Year, Seller shall have the right to Deliver such excess AECs to PECO during the first Semi-Annual period of the subsequent Contract Year, to be applied towards Seller’s obligations to Deliver AECs in that subsequent year, provided that Seller shall provide notice to PECO of its intent to apply such excess AECs no later than June 30 of the subsequent Contract Year in which the excess AECs are created. Such excess AECs must be delivered no later than July 31 of such year. Except as provided in this Section, PECO shall have no obligation to purchase any AECs in excess of the Contract Amount generated in any Contract Year. Any other AECs created by the Facility in excess of the Contract Amount shall not be Delivered or otherwise transferred to PECO except to the extent Seller elects to Deliver such AECs for purposes of satisfying its obligations under Section 3.4.

3.7 No Sale of Electricity and Capacity. Seller shall retain all rights and title to all electricity generated by the Facility and all capacity associated with the Facility, and shall be responsible for any and all costs and charges associated with such electricity and capacity,

including all costs and charges applicable to or required for the delivery of Energy to or from a Host and to or from the Energy Delivery Point. As between PECO and Seller, Seller shall be deemed to be in exclusive control of, and responsible for, any damage or injury caused by, the Facility or electricity generated by the Facility.

3.8 Financing. PECO shall have no responsibility whatsoever for any financing or costs associated with the Facility or a Host, including any expenditures necessary or desirable to construct, operate, or remove the Facility or to deliver AECs to PECO under this Agreement.

ARTICLE 4

FACILITY DEVELOPMENT [ARTICLE MAY BE MARKED RESERVED FOR FACILITIES THAT HAVE ACHIEVED COMMERCIAL OPERATION]

4.1 Development of Facility. Subject to the terms and conditions of this Agreement, Seller represents, warrants and guarantees:

4.1.1 Except as expressly permitted otherwise by this Agreement, the Facility shall be developed and achieve Commercial Operation in accordance with this Agreement and the Significant Milestone Schedule set forth in Exhibit 2.

4.1.2 The Facility shall be designed in compliance with all applicable Permits, each applicable Requirement of Law and Prudent Utility Practice, and for qualification as an Alternative Energy System. The Facility will be capable of generating Energy to create AECs in a safe and reliable manner, consistent with the requirements of each applicable Requirement of Law, the Interconnection Agreement (if applicable), and Prudent Utility Practice.

4.1.3 All Permits necessary for the construction and operation of the Facility, including land use permits, environmental review and authorizations, grading and building permits, and licenses necessary to operate the Facility shall be obtained and maintained, and Seller will provide PECO with evidence of all essential Permits (including copies of any Permit upon PECO's request).

4.1.4 All construction and testing of the Facility shall be in compliance with all applicable Permits, each applicable Requirement of Law, the Interconnection Agreement (if applicable) and Prudent Utility Practice.

4.1.5 Seller shall give prompt written notice to PECO of any material modifications to the Facility after the Effective Date and a brief description of the reasons for the modifications and confirmation that such modifications shall not affect the general location of the Facility or the Contract Amount, except that Seller may modify or revise the Contract Amount and Contract-Related Capacity in accordance with Section 4.5.

4.2 Seller Reports. Seller shall provide monthly reports to PECO on the Facility prior to the Commercial Operation Date in the form attached as Exhibit 4.

4.3 Failure to Achieve Significant Milestones or Contract Amount. Seller shall immediately notify PECO of (i) any inability of Seller to achieve a Significant Milestone in accordance with the Significant Milestone Schedule for any reason, or (ii) any determination by

Seller that the Facility shall be incapable of providing the Contract Amount upon Commercial Operation. Seller acknowledges that failure to achieve a Significant Milestone in accordance with the Significant Milestone Schedule or inability to provide the Contract Amount upon Commercial Operation, unless otherwise excused under the provisions of this Agreement, shall constitute a material breach of this Agreement and permit PECO to terminate this Agreement and retain the Development Security as provided in Section 6.1.

4.4 Extension of Significant Milestones. Subject to the notice requirements of Section 4.3, in the event that Seller does not achieve or determines that it will not achieve a Significant Milestone in accordance with the Significant Milestone Schedule, Seller shall provide a revised Significant Milestone Schedule to PECO. PECO shall review this revised Significant Milestone Schedule and, in PECO's sole discretion and subject to Section 6.1, PECO may approve an extension of one or more Significant Milestones. Any such approval by PECO shall be in writing.

4.5 Downsizing of Facility. In the event that Seller determines that the Facility shall be incapable of providing the Contract Amount upon Commercial Operation, Seller may request that PECO agree to a downsizing of the Facility under which the Facility would provide a lesser amount of AECs. PECO shall review any downsizing request and, in PECO's sole discretion and subject to Section 6.1, may approve a downsizing of the Facility and a revised Contract Amount and Contract-Related Capacity. Any such approval by PECO shall be in writing.

4.6 Other Reasons for Delay. Seller shall be excused from a failure to meet the Commercial Operation Date where Seller can establish that such a failure is attributable solely to any delay or failure by PECO in taking any action or obtaining any consents or approvals from Governmental Authorities or third parties required for PECO to perform its obligations under this Agreement, the Interconnection Agreement or any Construction Service Agreement (if applicable), unless such delay or failure to act is consistent with Prudent Utility Practice or results from delays or failure to take timely action by Seller or other third party, whether or not caused by any conditions or events of Force Majeure, and in the event of such a failure, the Commercial Operation Date shall be extended for a period of time equal to the duration of the resulting delay.

ARTICLE 5 SELLER OBLIGATIONS

5.1 Generation of AECs. Subject to the terms and conditions of this Agreement, Seller shall ensure operation of the Facility to generate Energy sufficient to deliver the Contract Amount of AECs during each Contract Year of the Term.

5.2 Facility Obligations. During the Term, at its sole cost and expense, Seller represents, warrants and guarantees that:

5.2.1 The Facility (including all Generating Units) shall be operated, controlled and maintained in compliance with all Requirements of Laws and Prudent Utility Practice;

5.2.2 All of the Interconnection Facilities located at the Facility shall be operated, controlled and maintained to the extent required without expense to PECO (except as

may be otherwise provided in an applicable Interconnection Agreement or applicable net metering requirements), including any system upgrades beyond the Energy Delivery Point necessary to interconnect with the Grid for delivery of Net Electricity;

5.2.3 The Facility shall obtain, maintain and comply with all Permits and agreements (including the Interconnection Agreement, if applicable, and all environmental permits) that are required or desirable in order for the Facility and Seller to generate, schedule, deliver, meter and transmit electricity and generate and Deliver AECs in compliance with this Agreement, except as otherwise permitted by Requirements of Law or by written agreement with PECO;

5.2.4 Seller shall take all actions necessary for the scheduling and delivery of any Energy to a Host and/or any Net Electricity to PJM, as applicable;

5.2.5 The Facility shall be maintained as an Alternative Energy System under the Act;

5.2.6 Seller shall possess sole and exclusive title and legal rights to an AEC prior to the transfer of such AEC to PECO under this Agreement;

5.2.7 Seller shall transfer only valid AECs to PECO which have not been previously retired, claimed or used to satisfy any renewable energy requirements, obligations or voluntary undertaking by any entity in any jurisdiction;

5.2.8 Seller and the Facility shall comply with all RTO requirements that are necessary for Seller to comply with its obligations under this Agreement, and Seller shall be responsible for all costs or charges that are required by the RTO to enable the Grid to accept any Net Electricity from the Facility; and

5.2.9 Seller shall comply with all Registry requirements that are necessary for Seller to perform its obligations under this Agreement.

5.3 Site Control. At all times after the Effective Date, Seller shall ensure site control (“Site Control”) of the Premises, which means that Seller shall have all rights to the Premises necessary to perform its obligations under the Agreement. Seller shall provide PECO with prompt notice of any change in the status of Seller’s Site Control.

5.4 Insurance.

5.4.1 Seller shall maintain at its sole expense, commencing with the Effective Date and continuing through the Term, insurance for the Facility (including commercial general liability insurance) customarily maintained for facilities of similar fuel source and electric generating capacity in the state in which the Facility is located, but no less than a commercially reasonable business would obtain for a facility of similar value and operation. Seller shall provide certificates of insurance or other reasonable evidence of such insurance coverage acceptable to PECO upon request.

5.4.2 Failure to obtain and maintain the required insurance shall constitute a breach of the Agreement and Seller will be liable for any and all costs, liabilities, damages, and penalties (including attorneys' fees, court, and settlement expenses) resulting to PECO from such breach, unless a written waiver of the specific insurance requirement is provided to Seller by PECO.

5.4.3 Failure of Seller to provide insurance as herein required or failure of PECO to require evidence of insurance or to notify Seller of any breach by Seller of the requirements of this Article 5 shall not be deemed to be a waiver by PECO of any of the terms and conditions of this Agreement, nor shall they be deemed to be a waiver of the obligation of Seller to defend, indemnify, and hold harmless PECO as required herein. The obligation to procure and maintain any insurance required is a separate responsibility of Seller and independent of the duty to furnish a copy or certificate of such insurance policies.

5.4.4 Notwithstanding any provision of this Agreement, none of the requirements contained herein as to insurance coverage to be maintained by Seller are intended to and shall not in any manner limit, qualify, or quantify the liabilities and obligations assumed by Seller under this Agreement, any other agreement with PECO or its Affiliates, or otherwise provided by law.

5.5 Authorized Representatives. As a means of securing effective cooperation and interchanges of information and of providing consultation on a prompt and orderly basis between the Parties in connection with various administrative, commercial and technical issues that may arise during the performance of this Agreement, each Party shall appoint an authorized representative (with respect to each Party, the "Authorized Representative") and may appoint an alternate (with respect to each Party, the "Alternate Representative") to act in its Authorized Representative's absence. The Authorized Representatives and Alternate Representatives shall be managers well experienced with regard to matters relating to the implementation of the Parties' rights and obligations under this Agreement with full authority to act for and on behalf of the Party appointing them. Upon execution of this Agreement, each Party will notify the other in writing of the name of its Authorized Representative and Alternate Representative so appointed and these appointments will remain in full force and effect until written notice of substitution is delivered by such Party to the other Party.

5.6 Access to Facility; Publicity. Upon reasonable prior notice (in light of the circumstances), Seller will provide PECO and its authorized agents, employees and inspectors with reasonable access to the Facility: (i) to provide tours of the Facility to guests of PECO, to the extent practicable, (ii) to ascertain the status of the Facility with respect to any Significant Milestone or any other obligation of Seller under this Agreement, and (iii) for other reasonable purposes at the reasonable request of PECO. Upon request by PECO, Seller shall use reasonable efforts to permit PECO to take photographs of the Facility for use by PECO for publicity purposes and internal communications. No party shall issue any press release or make any public announcement relating to the subject matter of this Agreement without the prior written approval of the other party, which approval shall not be unreasonably withheld.

ARTICLE 6
CREDIT AND COLLATERAL REQUIREMENTS

6.1 Development Security. *[Section may be marked reserved for Facilities that have achieved Commercial Operation]*

6.1.1 If the Facility has not achieved Commercial Operation by the Effective Date, Seller shall post and thereafter maintain development security equal to two percent (2%) of the Nominal Contract Value upon execution of this Agreement. The Development Security shall be held by PECO as security for Seller meeting the Commercial Operation Date. The Development Security shall be in the form of either a cash deposit or a Letter of Credit as provided for in Section 6.5.

6.1.2 The following provisions shall govern disposition of the Development Security:

(a) In the event that the Facility achieves Commercial Operation by the original Commercial Operation Date established on the Effective Date, the entire Development Security shall be returned to Seller.

(b) In the event that the Commercial Operation Date is extended pursuant to the provisions of Section 4.4 for a period of 180 days or less and the Facility achieves Commercial Operation on such extended date, Seller shall be entitled only to a portion of the Development Security equal to (i) the Development Security, less (ii) the ratio of the number of calendar days that the Commercial Operation Date is delayed beyond the original Commercial Operation Date to 180 days, multiplied by the Development Security. The portion of the Development Security retained by PECO shall be kept as liquidated damages, and PECO shall be entitled to retain the entire Development Security as such liquidated damages in the event that the Commercial Operation Date is extended more than 180 days.

(c) In the event that the Commercial Operation Date is not extended pursuant to the provisions of Section 4.4, but the Facility is resized pursuant to the provisions of Section 4.5, Seller shall be entitled only to a portion of the Development Security equal to (i) two percent (2%) times the Nominal Contract Value multiplied by (ii) the ratio of the revised Contract Amount resulting from the resizing to the original Contract Amount prior to the resizing. The remainder of the Development Security shall be kept by PECO as liquidated damages.

(d) In the event that the Commercial Operation Date is extended pursuant to the provisions of Section 4.4 and the Seller meets such extended date but the Facility is resized pursuant to the provisions of Section 4.5, Seller shall be entitled only to a portion of the Development Security equal to (i) two percent (2%) times the Nominal Contract Value multiplied by (ii) the ratio of the revised Contract Amount resulting from the resizing to the original Contract Amount

prior to the resizing multiplied by (iii) $1 - [(the\ number\ of\ calendar\ days\ that\ the\ Commercial\ Operation\ Date\ is\ delayed\ beyond\ the\ original\ Commercial\ Operation\ Date)\ divided\ by\ 180]$. The remainder of the Development Security shall be kept by PECO as liquidated damages.

(e) If some or all of the Development Security is to be returned to the Seller under this Section 6.1, it shall be returned within thirty (30) Business Days of the achievement of the Commercial Operation Date, with interest paid only if Seller satisfied the Development Security requirements by providing Cash to PECO. Such interest shall be calculated using the London Interbank Offered Rate (LIBOR) at the time of the Cash is returned to Seller, plus thirty (30) basis points.

(f) In the event the Seller fails to obtain the Commercial Operation Date Milestone, as may be extended pursuant to Section 4.4, PECO may terminate this Agreement pursuant to Section 9.1 and retain the entire Development Security.

6.1.3 The Parties acknowledge and agree that it is difficult or impossible to determine with precision the amount of damages that would or might be incurred by PECO as a result of the Facility failing to operate by the Commercial Operation Date Milestone. It is understood and agreed by the Parties that (a) PECO shall be damaged by failure of Seller to meet such obligations, (b) it would be impracticable or extremely difficult to fix the actual damages resulting therefrom, (c) any sums which would be creditable or payable under this Article 6 are in the nature of liquidated damages, and not a penalty, and are fair and reasonable, and (d) each payment represents a reasonable estimate of fair compensation for the losses that may reasonably be anticipated from each such failure. The liquidated damages available under this Section shall constitute PECO's sole damages for failure of the Seller to achieve the Commercial Operation Date or for any resizing of the Facility as provided in Article 4.

6.2 Credit Support. The Seller shall post security with PECO, on the Commercial Operation Date, in an amount based on the number of months remaining in the Term, as determined from the table (Credit Support Requirement) in Exhibit 6.

6.3 Grant of Security Interest. To secure its obligations under this Agreement, Seller hereby grants to PECO a present and continuing security interest in, and lien on (and right of setoff against), and assignment of, all cash collateral and cash equivalent collateral and any and all proceeds resulting therefrom or the liquidation thereof, whether now or hereafter held by, on behalf of, or for the benefit of, PECO, provided, however, that such interest may be junior to an interest granted by Seller in such collateral or proceeds for purposes of financing the development, construction or operation of the Facility. Seller agrees to take such action as reasonably required to perfect in favor of PECO such security interest in, and lien on (and right of setoff against), such collateral and any and all proceeds resulting therefrom or from the liquidation thereof.

6.4 Remedies. Upon or any time after the occurrence of an Event of Default caused by Seller, PECO may do any one or more of the following: (i) exercise any of the rights and remedies of the Company with respect to all collateral, including any such rights and remedies

under law then in effect; (ii) exercise its rights of setoff against any and all property of Seller in the possession of PECO, whether held in connection with this Agreement or any other agreement(s) between PECO and Seller for the provision of Energy or AECs; (iii) draw on any outstanding Letter of Credit issued for PECO's benefit; and (iv) liquidate all collateral security held by or for the benefit of the PECO free from any claim or right of any nature whatsoever of the Seller, including any equity or right of purchase or redemption by the Seller. PECO shall apply the proceeds of the collateral security realized upon the exercise of such rights or remedies to reduce Seller's obligation under this Agreement or any other agreement(s) between PECO and Seller for the provision of Energy or AECs (the Seller remaining liable for any amounts owing to the Company after such application), subject to PECO's obligation to return any surplus proceeds remaining after such obligations are satisfied in full.

6.5 Security Instruments. At Seller's choice, the following are deemed to be acceptable methods for posting security (each, a "Security Instrument"), if required:

6.5.1 Cash; or

6.5.2 An irrevocable transferable standby letter of credit (a "Letter of Credit") acceptable to the Company issued by a bank or other financial institution with a minimum "A" senior unsecured debt rating from S&P or Moody's (the "Issuer Minimum Requirements"). (A standard format for the Letter of Credit is provided in Exhibit 5.) In the event that senior unsecured debt ratings are unavailable from S&P, the corporate issuer rating, discounted one notch, will be used. In the event that senior unsecured debt ratings are unavailable from Moody's, the issuer rating will be used. The Company will only rely on senior unsecured debt ratings, or if unavailable, issuer or corporate issuer ratings. If the Seller does not have a senior unsecured debt rating and does not have an issuer or corporate issuer rating from a rating agency, it will be deemed by the Company not to be rated by that rating agency. The Letter of Credit shall state that it shall renew automatically for successive one-year or shorter periods unless the Company receives written notice from the issuing financial institution at least thirty (30) days prior to the expiration date stated in the Letter of Credit that the issuing financial institution elects not to extend the Letter of Credit. If the Company receives notice from the issuing financial institution that the Letter of Credit will not be extended, the Seller will be required to provide a substitute Letter of Credit from an alternative bank or financial institution satisfying the Issuer Minimum Requirements. The receipt of the substitute Letter of Credit must be effective on or before the expiration date of the expiring Letter of Credit and delivered to the Company at least fifteen (15) days before the expiration date of the original Letter of Credit. If the Seller fails to supply a substitute Letter of Credit as required herein, then the Company will have the right to draw on the expiring Letter of Credit and to hold the amount as collateral. If the credit rating of the issuer of a Letter of Credit falls below the Issuer Minimum Requirements, the Seller shall have two (2) Business Days (or such longer period as the Company in its sole discretion may permit in writing) following written notice by the Company to obtain a suitable Letter of Credit from another bank or other financial institution that meets the Issuer Minimum Requirements.

6.6 Calling on Security. The Company may call upon the Security Instrument posted by the Seller (i) if the Seller fails to pay amounts due to the Company pursuant to this Agreement or any other agreement(s) between the Company and the Seller for the provision of

Energy and AECs after written notice of default is provided to the Seller and any applicable cure period ends; and (ii) with respect to the Development Security, to satisfy PECO's rights to such portions of the Development Security specified in Section 6.1. The foregoing notwithstanding, the Security Instrument posted by the Seller shall become due automatically, and may be called upon by the Company, without prior notice or right of cure in the case of any Event of Default involving the Seller arising under Section 9.1.1.

6.7 Interest on Cash Held by Company. The Company will pay simple interest (not compounded) calculated at the lower of the Interest Rate or six (6) percent per annum on any Cash posted by the Seller as Performance Security and directly held by the Company pursuant to this Agreement.

ARTICLE 7 BILLING AND PAYMENT; RECORDS

7.1 Invoices. Beginning with the end of the first Semi-Annual period after the Effective Date, Seller shall send PECO a statement following the Delivery of AECs after each Semi-Annual period setting forth all amounts due either to the Seller or to PECO arising during the preceding Semi-Annual period. The statement shall include (i) after the commencement of the Term, the quantity of AECs that were Delivered by Seller to PECO during such Semi-Annual period and the total amount owed by PECO for those AECs at the Contract Price, (ii) any interest due to Seller as provided in Section 6.7, and (iii) any other amount due Seller or to PECO under this Agreement in respect of such Semi-Annual period (including the amount of any Replacement AEC Payment). Such statement shall be sent by Seller to PECO no later than fifteen (15) Business Days following the Delivery of AECs for which the statement is applicable.

7.2 Payment. Subject to all conditions and provisions of this Agreement (including Section 7.7), no later than fifteen (15) Business Days after the date of a statement submitted by Seller, or if such day is not a Business Day, the immediately following Business Day, the Party owing the net amount shown to be due on such statement shall remit to the other Party, by wire transfer in accordance with Section 12.1, the amount due pursuant to such statement.

7.3 Interest. Amounts not paid shall accrue interest from the due date to the date of payment at the Interest Rate.

7.4 Taxes. Seller shall be responsible for all existing and any new taxes, fees, levies, assessments, penalties, licenses, or charges imposed or levied by any federal, state or local governmental agency (collectively, "Taxes") on the electricity and capacity associated with the Facility and on all AECs prior to and including the Delivery of AECs under this Agreement. PECO shall be responsible for all existing and any new Taxes imposed or levied by any federal, state or local governmental agency on AECs after transfer to PECO. If PECO is required to remit or pay Taxes that are Seller's responsibility under this Agreement, then Seller shall promptly reimburse PECO for such Taxes. If Seller is required to remit or pay Taxes that are PECO's responsibility under this Agreement, then PECO shall promptly reimburse Seller for such Taxes.

7.5 Disputed Amounts. If either Party, in good faith, disputes any amount due pursuant to a statement rendered hereunder, such Party shall notify the other Party of the specific basis for the dispute and shall pay that portion of the amount shown to be due on the statement that is undisputed, on or before the due date. If any amount disputed by such Party is determined to be due the other Party, whether by agreement of the Parties or through arbitration in accordance with Section 13.2, the amount due shall be paid within five (5) Business Days of such determination or resolution, along with interest accrued at the Interest Rate from the date due to the date paid. Notwithstanding the above, no dispute may be made with respect to any statement or payment hereunder unless a Party questions the accuracy of such payment or statement within one year after the date of such statement or payment.

7.6 Records. Each Party shall keep and maintain all records as may be necessary or useful in performing or verifying any calculations made pursuant to this Agreement, or in verifying such Party's performance hereunder. All such records shall be retained by each Party for at least three (3) calendar years following the calendar year in which such records were created.

7.7 Audit Rights. Each Party, through its authorized representatives, shall have the right, at its sole expense and during normal business hours, to examine and copy the records of the other Party to the extent reasonably necessary to verify the accuracy of any statement, charge or computation made hereunder or to verify the other Party's performance of its obligations hereunder. If any statement is determined by the Parties or through arbitration to be inaccurate, a corrected statement shall be issued and any amount due thereunder will be promptly paid and shall bear interest calculated at the Interest Rate from the date of the overpayment or underpayment to the date of receipt of the reconciling payment. Notwithstanding the above, no adjustment shall be made with respect to any statement or payment hereunder unless a Party questions the accuracy of such statement or payment within one year after the date of such statement or payment.

ARTICLE 8 REPRESENTATIONS AND WARRANTIES

8.1 Mutual Representations. As a material inducement to execution of this Agreement, each Party hereby represents and warrants to the other Party that:

8.1.1 It is duly organized or formed, validly existing and in good standing under the laws of the jurisdiction of its organization or formation, and is qualified to conduct its business in all jurisdictions necessary to perform its obligations hereunder;

8.1.2 The execution, delivery and performance of this Agreement are within its powers, have been duly authorized by all necessary action and do not violate any of the terms or conditions in its governing documents, any agreement to which it is a party or by which it or any of its property is bound, or any Requirement of Law applicable to it;

8.1.3 Except as set forth in and as required by this Agreement, no consent, approval, order or authorization of, or registration, declaration or filing with, any Governmental

Authority is required by such Party in connection with the execution, delivery or performance of this Agreement;

8.1.4 This Agreement constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, subject to bankruptcy, insolvency, reorganization and other laws affecting creditors' rights generally, and with regard to equitable remedies, to the discretion of the court before which proceedings to obtain same may be pending;

8.1.5 No Event of Default has occurred and there are no bankruptcy, insolvency, reorganization, receivership or other arrangement proceedings pending or being contemplated by it, or to its knowledge threatened against it;

8.1.6 To such Party's knowledge, there are no actions, proceedings, judgments, rulings or orders, issued by or pending before any court or other governmental body, that would materially adversely affect its ability to perform its obligations under this Agreement;

8.1.7 It is, and will continue to be for the Term, a Forward Contract Merchant both generally and with respect to the AECs delivered and purchased under this Agreement.

8.2 Forward Contract. The Parties acknowledge that this Agreement is a Forward Contract and the Parties are Forward Contract Merchants, both generally and with respect to the deliveries of AECs pursuant to this Agreement, that each party is an "eligible contract participant" as set forth in the Commodities Exchange Act; and, accordingly, the Parties are entitled to the protections of the Safe Harbor Provisions of the Bankruptcy Code. The Parties therefore agree that this Agreement may be terminated and the remedies hereunder exercised by either Party in accordance with Article 2 and Article 9 hereof upon the commencement of a proceeding by the other Party under any chapter of the Bankruptcy Code, and that the automatic stay of Section 362(a) of the Bankruptcy Code shall not apply to such termination.

8.3 No Representation or Warranty By PECO of Facility or Seller. Any review by PECO of any information or material pertaining to the Seller or the Facility (including its design, operation, and compliance with Requirements of Law) is solely for PECO's information only. By conducting such review, PECO makes no representation or warranty as to the Seller or to the Facility, including its reliability, capacity, economic viability, operation, performance, safety, or compliance with Requirements of Law, RTO Requirements, or Prudent Utility Practice. PECO does not endorse or in any way approve of any representation or warranty of Seller in any agreement or to any Person, and Seller shall not make any such representation that PECO has given any such approval.

ARTICLE 9 EVENTS OF DEFAULT AND REMEDIES

9.1 Events of Default. An "Event of Default" by a Party (the "Defaulting Party") shall mean:

9.1.1 With respect to Seller, unless otherwise excused or permitted under the terms of this Agreement, the following events, without notice or the opportunity to cure, if the Seller:

(a) fails to achieve the Commercial Operation Date or any other Significant Milestone in accordance with the Significant Milestone Schedule, as may be extended pursuant to the provisions of Article 4;

(b) fails to meet the ratings requirements or to comply with the collateral requirements set forth in Article 6 within the time frames set forth in this Agreement;

(c) fails to provide at least ten percent (10%) of the Contract Amount of AECs for any Contract Year from the Facility;

(d) (1) fails to make any payment when due (whether by scheduled maturity, required prepayment, acceleration, demand or otherwise) in respect of any indebtedness for borrowed money involving a principal sum in excess of \$5,000,000 (“Material Debt”) and such failure continues after the applicable grace or notice period, if any, specified in the relevant document on the date of such failure, or (2) fails to perform or observe any other condition or covenant, or any other event shall occur or condition exist, under any agreement or instrument relating to any Material Debt, if, in any such event, the effect of such failure, event or condition is to cause, or permit the holder or holders thereof or beneficiary or beneficiaries thereof (or a trustee or agent on behalf of such holder or holders or beneficiary or beneficiaries) to cause (after the expiration of any applicable grace period or notice period, if any, specified in the relevant document on the date of such failure) such Material Debt to become due and payable or to be repurchased, defeased or redeemed prior to its expressed maturity;

(e) is dissolved (other than pursuant to a consolidation, amalgamation or merger);

(f) makes an assignment for the benefit of its creditors;

(g) has a secured party take possession of all or substantially all of its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all of its assets; or

(h) has a resolution passed for its winding-up, official management or liquidation (other than pursuant to a consolidation, amalgamation or merger).

9.1.2 With respect to either Party, an Event of Default shall occur if such Party:

(a) is the subject of a voluntary bankruptcy, insolvency or similar proceeding;

(b) applies for, seeks consent to, or acquiesces in the appointment of a receiver, custodian, trustee, liquidator or similar official to manage all or a substantial portion of its assets;

(c) is the subject of an involuntary bankruptcy or similar proceeding, and fails to have such proceeding dismissed within 60 days; or

(d) commits an act or makes an omission that constitutes an “Event of Default” under any other agreement(s) between PECO and the Seller for the provision of Energy or AECs.

9.1.3 Unless otherwise excused or permitted under the terms of this Agreement, a Party’s failure to make, when due, any payment required pursuant to this Agreement, regardless of whether a payment or portion thereof may be subject to a billing dispute, shall constitute an Event of Default unless a Party shall have cured the same within three (3) Business Days after receipt of written notice of such payment failure from the other Party.

9.1.4 Unless otherwise excused or permitted under the terms of this Agreement, any of the following events shall constitute an Event of Default unless a Party shall have cured the same within thirty (30) days after receipt of written notice of the occurrence of such event from the other Party:

(a) Any representation, warranty or covenant made by such Party herein is proven to be false or misleading in any material respect at the time it was made;

(b) A Party transfers or assigns or otherwise conveys any of its rights or obligations under this Agreement to another entity without the other Party’s prior written consent, to the extent such consent is required under this Agreement, or if at the time of such transfer, assignment or conveyance, the resulting, surviving or transferee entity fails to assume all the obligations of such Party under this Agreement by operation of law or pursuant to an agreement reasonably satisfactory to the other Party;

(c) A Party’s unexcused failure to perform any other material covenant or obligation set forth in this Agreement that is not enumerated in this Section 9.1; or

(d) with respect to Seller, Seller fails to have and maintain, during the Term, all federal, state and local Permits to permit its performance under this Agreement.

9.2 Rights Upon Default. Upon and during the continuation of an Event of Default, the Non-Defaulting Party shall be entitled to elect or pursue one or more of the following remedies:

9.2.1 terminate the Agreement by providing written notice to the Defaulting Party of an Early Termination, as provided in Section 2.2;

9.2.2 accelerate all amounts then owing by the Defaulting Party to the Non-Defaulting Party;

9.2.3 withhold any payments due to the Defaulting Party under this Agreement;

9.2.4 suspend its performance under this Agreement; and

9.2.5 pursue any other remedies available at law or in equity, except to the extent such remedies are expressly limited by this Agreement.

9.3 Reliance on Netting. The Parties are making credit, default, collateral and other decisions and changes based upon and in reliance on the effectiveness of the default, early termination, setoff and netting provisions of this Agreement. The Parties would not enter into this Agreement and would change their position with regard to netting except for their reliance on and with the understanding that these netting terms will be effective. Notwithstanding anything else in this Agreement or in any other agreement between the Parties to the contrary, if for any reason these terms or any right of offset or netting hereunder or under another agreement in favor of the Non-Defaulting Party against a bankrupt Defaulting Party is delayed from being exercised or is not enforceable in accordance with its terms because either Party asserts or is concerned that the Safe Harbor Provisions of the Bankruptcy Code do not apply to such rights of enforcement or for any other reason, the Non-Defaulting Party may (a) exercise its rights to effect a setoff under Section 553 of the Bankruptcy Code or other applicable provisions, equity and law, and (b) withhold payments subject to a claim of offset under any obligations due the Defaulting Party in respect of any transactions or deliveries under this Agreement or any other agreement until such setoff rights are exercised and effected.

9.4 Setoff of Payment Obligations of the Non-Defaulting Party. Any payment obligations of the Non-Defaulting Party to the Defaulting Party pursuant to this Agreement or any other agreement(s) between the Company and the Seller for the provision of Energy or AECs shall be set off: (i) first, to satisfy any payment obligations of the Defaulting Party to the Non-Defaulting Party pursuant to this Agreement or any other agreement(s) between the Company and the Seller for the provision of Energy or AECs that are unsecured; (ii) second, to satisfy any payment obligations of the Defaulting Party to the Non-Defaulting Party pursuant to this Agreement or any other agreement(s) between the Company and the Seller for the provision of Energy or AECs that are unsecured, but which are subject to a guaranty; and (iii) third, to satisfy any remaining payment obligations of the Defaulting Party to the Non-Defaulting Party pursuant to this Agreement or any other agreement(s) between the Company and the Seller for the provision of Energy or AECs. Any setoff shall not be subject to the automatic stay by virtue of Section 362(b)(6) of the Bankruptcy Code.

9.5 Preservation of Rights of the Non-Defaulting Party. The rights of the Non-Defaulting Party under this Agreement, including Sections 9.3 and 9.4 shall be supplemental to, and not in lieu of, any right of recoupment, lien, or set-off afforded by applicable Requirements of Law, and all such rights are expressly preserved for the benefit of the Non-Defaulting Party.

9.6 Integrated Transaction. To the extent that Section 365 of the Bankruptcy Code applies to this Agreement, the Parties agree that all transactions under this Agreement constitute one integrated transaction that can only be assumed or rejected in its entirety.

ARTICLE 10 ASSIGNMENT

10.1 Assignment. Neither Party shall assign this Agreement or any of its rights or obligations hereunder (including by lease, subcontract, or otherwise) without the prior written consent of the other Party. Notwithstanding the foregoing, either Party may, without the need for consent from the other Party, transfer or assign this Agreement to an Affiliate of such Party, providing that the assigning Party shall provide notice to the other Party and shall remain responsible for its obligations under the Agreement. In all such transfers and assignments, the succeeding Party must agree to comply with all the provisions, terms and conditions of this Agreement, including the credit and collateral security requirements set out in Article 6. Except as specifically provided in this Article 10, any assignment or transfer of this Agreement or any rights, duties or interests hereunder by any Party without the written consent of the other Party shall be void and of no force or effect.

10.2 Collateral Assignment by Seller. Without the consent of PECO, Seller may, in its discretion, make a collateral assignment of this Agreement to any and all lenders or grant any or all lenders a lien or security interest in any right, title or interest in part or all of the Facility or any or all of Seller's rights under this Agreement for the purpose of the financing or refinancing of the Facility; provided, however, that Seller shall provide notice of each such assignment (including the identity of the assignee) prior to assignment and such assignment shall recognize PECO's rights under this Agreement. In order to facilitate the obtaining of financing or refinancing of the Facility, PECO shall cooperate with Seller and execute consents, agreements or similar documents with respect to a collateral assignment hereof to any lender as such lender may reasonably request in connection with the financing or refinancing of the Facility, including an agreement to give notice to such lenders of any default by Seller under this Agreement and to allow such lenders to cure any such default during periods which are equal to and consistent with the cure periods Seller has under this Agreement, provided that PECO shall be reasonably satisfied that any such consents, agreements or similar documents do not in any manner adversely affect its rights under this Agreement or impose material obligations on PECO except with respect to providing any additional notice of default and opportunity to cure consistent with this Agreement.

ARTICLE 11 FORCE MAJEURE; INDEMNITY; LIMITATION OF LIABILITY

11.1 Force Majeure. If either Party is rendered unable by a Force Majeure event to carry out, in whole or in part, its obligations under this Agreement, then, during the pendency of such event of Force Majeure, but for no longer period, the obligations of the affected Party (other than the obligation to make payments hereunder when due) shall be suspended to the extent required. The affected Party shall (i) give the other Party written notice within 48 hours of the commencement of the Force Majeure event, with details to be supplied within three (3) Business Days after the commencement of the Force Majeure event further describing the particulars of the occurrence of the Force Majeure event, and (ii) take all reasonable steps to remedy the cause of the Force Majeure event with all reasonable dispatch. Whenever either Party is required to commence or complete any action within a specified period, such period shall be extended by an amount equal to the duration of any event of Force Majeure occurring or continuing during such

period; provided, however, that in no event will any Force Majeure event extend this Agreement beyond its Term. A determination of force majeure by the PaPUC under the Act shall not constitute a determination of Force Majeure under this Agreement.

11.2 Indemnification.

11.2.1 Each Party shall indemnify and hold harmless the other Party and its officers, directors, agents and employees (each an “Indemnified Party”) from and against any and all claims, demands, actions, losses, liabilities, expenses (including reasonable legal fees and expenses), suits and proceedings of any nature whatsoever for personal injury, death or property damage to third parties (collectively “Liabilities”) that arise out of or are in any manner connected with the performance of this Agreement.

11.2.2 Without limiting the foregoing, Seller shall indemnify, defend and hold harmless PECO (and any PECO Indemnified Party) from any Liabilities arising from the generation of Energy by the Facility prior to delivery of any Energy to the Energy Delivery Point and for any Claims arising from the design, construction, operation and removal of the Facility.

11.2.3 Any fines, penalties or other costs incurred by a Party or its agents, employees or subcontractors for non-compliance by such Party, its agents, employees or subcontractors with any Requirement of Law will not be reimbursed by the other Party but will be the sole responsibility of such non-complying Party.

11.2.4 A Party seeking indemnification under this Section 11.2 shall give written notice to the indemnifying Party as soon as reasonably practicable after the Indemnified Party becomes aware of any fact, condition or event which may give rise to Liabilities for which indemnification may be sought under this Section 11.2.

11.3 Limitations of Remedies, Liability and Damages. The Parties agree that the remedies and measures of damages provided in this Agreement satisfy the essential purposes hereof. If no measure of damages or other remedy is expressly provided herein, the obligor’s liability shall be limited to direct actual damages only, which direct actual damages shall be the sole and exclusive remedy and all other remedies or damages at law or in equity are waived. Unless otherwise provided herein, neither Party shall be liable for consequential, incidental, punitive, exemplary or indirect damages, lost profits or other business interruption damages, (other than consequential, incidental, punitive, exemplary or indirect damages, lost profits or other business interruption damages recovered by an unaffiliated third party against a Party subject to indemnification hereunder), whether such damages are allowed or provided by statute, in tort, under any indemnity provision or otherwise.

facsimile transmission shall be deemed to have been received by the recipient if the recipient confirms receipt telephonically or in writing.

ARTICLE 13 DISPUTE RESOLUTION

13.1 Negotiations. The Parties shall attempt in good faith to resolve all disputes arising out of or related to or in connection with this Agreement promptly by negotiation, as provided in this Section. Any Party may give the other Party written notice of any dispute not resolved in the normal course of business. Executives of both Parties at levels one level above the personnel who have previously been involved in the dispute shall meet at a mutually acceptable time and place within ten (10) Business Days after delivery of such notice, and thereafter as often as they reasonably deem necessary, to exchange relevant information and to attempt to resolve the dispute. If the matter has not been resolved within thirty (30) Business Days from the referral of the dispute to senior executives, or if no meeting of senior executives has taken place within fifteen (15) Business Days after such referral, either Party may initiate arbitration as provided in Section 13.2. All negotiations pursuant to this clause are confidential, shall be considered to be in the nature of settlement discussions and shall be subject to Section 13.3.

13.2 Arbitration.

13.2.1 If the negotiation process provided for in Section 13.1 has not resolved the dispute, the dispute shall be decided by binding arbitration at Philadelphia, Pennsylvania in accordance with the Commercial Arbitration Rules of the American Arbitration Association (except as expressly provided otherwise herein). The arbitration shall be governed by the United States Arbitration Act (9 U.S.C. § 1 et seq.), and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. This agreement to arbitrate and any other agreement or consent to arbitrate entered into in accordance herewith will be specifically enforceable under the prevailing arbitration law of any court having jurisdiction. Any arbitration may be consolidated with any other arbitration proceedings between the Parties commenced under this Section 13.2. The award of the arbitrator shall be specifically enforceable in a court of competent jurisdiction.

13.2.2 Either Party may commence the arbitration by giving to the other Party written notice in sufficient detail of the existence and nature of any dispute proposed to be arbitrated. The demand must be made within a reasonable time after the dispute has arisen. In no event may the demand for arbitration be made if the institution of legal or equitable proceedings based on such dispute is barred by the applicable statute of limitations. The Parties shall attempt to agree on a person to serve as arbitrator with respect to the matter at issue. If the Parties cannot agree on an arbitrator within ten (10) Business Days of such notice, each shall then appoint one individual to serve as an arbitrator within thirty (30) Business Days of such notice and the two (2) individuals thus appointed shall select a third arbitrator to serve as chairman of the panel of arbitrators. Such three (3) arbitrators shall determine all matters by majority vote; provided however, if the two (2) arbitrators appointed by the Parties are unable to agree upon the appointment of the third arbitrator within ten (10) Business Days after their appointment, both shall give written notice of such failure to agree to the Parties, and, if the

Parties fail to agree upon the selection of such third arbitrator within five (5) Business Days of such notice, then either of the Parties upon written notice to the other may require such appointment from, and pursuant to the Commercial Arbitration Rules of the American Arbitration Association. Any arbitrator appointed shall be a present or former executive of an electric utility, or private power producer, or an attorney, in each case with substantial experience in electric power purchase agreements. Prior to appointment, each arbitrator shall agree to conduct such arbitration in accordance with the terms of this Agreement.

13.2.3 The Parties shall have sixty (60) calendar days after appointment of all arbitrators to perform discovery and present evidence and argument to the arbitrators. During that period, the arbitrators shall be available to receive and consider all such evidence as is relevant and, within reasonable limits due to the restricted time period, to hear as much argument as is feasible, giving a fair allocation of time to each Party to the arbitration. The arbitrators shall use all reasonable means to expedite discovery and to sanction noncompliance with reasonable discovery requests or any discovery order. The arbitrators shall not consider any evidence or argument not presented during such period and shall not extend such period except by the written consent of both parties. At the conclusion of such period, the arbitrators shall have forty-five (45) calendar days to reach a determination.

13.2.4 The arbitrators shall have the right only to interpret and apply the terms and conditions of this Agreement and to order any remedy allowed by this Agreement, and may not change any term or condition of this Agreement, deprive either Party of any right or remedy expressly provided hereunder, or provide any right or remedy that has been excluded hereunder.

13.2.5 The arbitrators shall give a written decision to the Parties stating their findings of fact, conclusions of law and order, and shall furnish to each Party a copy thereof signed by them within five (5) calendar days from the date of their determination. Each party shall pay the cost of the arbitrator or arbitrators, with respect to those issues as to which they do not prevail, as determined by the arbitrator or arbitrators.

13.3 Settlement Discussions. The Parties agree that no statements of position or offers of settlement made in the course of the dispute process described in Section 13.1 above will be offered into evidence for any purpose in any litigation or arbitration between the Parties, nor will any such statements or offers of settlement be used in any manner against either Party in any such litigation or arbitration. Further, no such statements or offers of settlement shall constitute an admission or waiver of rights by either Party in connection with any such litigation or arbitration. At the request of either Party, any such statements and offers of settlement, and all copies thereof, shall be promptly returned to the Party providing the same.

13.4 Preliminary Injunctive Relief. Nothing in this Article 13 shall preclude, or be construed to preclude, the resort by either party to a court of competent jurisdiction solely for the purposes of securing a temporary or preliminary injunction to preserve the status quo or avoid irreparable harm pending arbitration pursuant to this Article 13.

ARTICLE 14 MISCELLANEOUS

14.1 Entire Agreement. This Agreement constitutes the entire agreement between the Parties with respect to the subject matter hereof, and it supersedes all prior oral or written agreements, commitments, negotiations or understandings with respect to the matters provided for herein.

14.2 Schedules and Exhibits. The Schedules and the Exhibits attached hereto are hereby incorporated into this Agreement and are hereby made a part hereof as if set out in full herein.

14.3 Amendment. Unless expressly provided otherwise in another provision of this Agreement, this Agreement shall not be amended, altered or modified except by an instrument in writing duly executed by both Parties. It is agreed that no use of trade or other regular practice or method of dealing between the Parties hereto shall be used to modify, interpret, supplement, or alter in any manner the terms of this Agreement.

14.4 Waiver. Any agreement on the part of a Party to any extension or waiver of any provision hereof shall be valid only if set forth in an instrument in writing signed on behalf of such Party. A waiver by a Party of the performance of any covenant, agreement, obligation, condition, representation or warranty shall not be construed as a waiver of any other covenant, agreement, obligation, condition, representation or warranty. A waiver by a Party of the performance of any act shall not constitute a waiver of the performance of any other act or an identical act required to be performed at a later time.

14.5 Remedies Cumulative. No right or remedy herein conferred upon or reserved to either Party is intended to be exclusive of any other right or remedy, and each and every right and remedy shall be cumulative and in addition to any other right or remedy under this Agreement, or under applicable law, whether now or hereafter existing.

14.6 Binding Effect; Limitation of Benefits. This Agreement shall be binding upon and shall insure to the benefit of the Parties hereto and, subject to the provisions of Article 10 hereof, their successors and permitted assigns. Nothing in this Agreement is intended to confer benefits, rights or remedies unto any Person other than the Parties and their permitted successors and assigns, and no third party shall have the right to enforce the provisions of this Agreement.

14.7 Compliance with Laws. Except as otherwise provided in this Agreement, each Party to this Agreement shall comply, at its own expense, with all applicable laws, statutes, regulations, rules, ordinances, orders, injunctions, writs, decrees or awards of any government or political subdivision thereof, or any agency, authority, bureau, commission, department or instrumentality thereof, or any court, tribunal, or arbitrator, in all applicable, material respects in connection with all activities and all performance under or in connection with this Agreement.

14.8 Governing Law. The validity, interpretation and performance of this Agreement and each of its provisions shall be governed by the laws of the Commonwealth of Pennsylvania, without giving effect to any choice of conflict of law provision or rule (whether of the

Commonwealth of Pennsylvania or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the Commonwealth of Pennsylvania.

14.9 No Partnership or Joint Venture. This Agreement is not intended to create nor shall it be construed to create any partnership or joint venture relationship between PECO and Seller, and neither Party hereto shall have the power to bind or obligate the other Party. Neither Party hereto shall be liable for the payment or performance of any debts, obligations, or liabilities of the other Party, unless expressly assumed in writing herein or otherwise. Each Party retains full control over the employment, direction, compensation and discharge of its employees, and will be solely responsible for all compensation of such employees, including social security, withholding and worker's compensation responsibilities.

14.10 Headings. The titles, headings and table of contents contained in this Agreement are inserted for convenience of reference only, shall not be deemed to be a part of this Agreement for any purpose, and shall not in any way define or affect the meaning, construction or scope of any of the provisions hereof.

14.11 Number of Days. In computing the number of days for purposes of this Agreement, all days shall be counted, including Saturdays, Sundays, and holidays; provided, however, that if the final day of any time period falls on a Saturday, Sunday, or holiday, then the final day shall be deemed to be the next day which is not a Saturday, Sunday, or holiday.

14.12 E-mail in Place of Writing. Where the parties agree, any written notification required by this Agreement may be transmitted via e-mail.

14.13 Severability. Whenever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the domestic laws of the Commonwealth of Pennsylvania as provided herein, but if any provision of this Agreement is held to be illegal, invalid or unenforceable under present or future Laws effective during the term hereof, then (a) in lieu of such illegal, invalid or unenforceable provision, the Parties shall promptly endeavor, in good faith negotiations, to agree on a provision as may be possible and be legal, valid and enforceable, provided that no Party shall be required to agree to any provision that would materially alter any of its rights or obligations under this Agreement, and (b) the legality, validity and enforceability of the remaining provisions of this Agreement shall not in any way be affected or impaired thereby. To the extent permitted by law, each Party hereby waives any Requirement of Law that renders any such provision prohibited or unenforceable in any respect.

14.14 Counterparts. This Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which taken together shall constitute one single agreement between the Parties.

ARTICLE 2 TERM AND TERMINATION

2.1 Effective Date and Term. This Agreement shall be effective on the Effective Date. Unless sooner terminated as provided herein, this Agreement shall end on May 31, 20__ (the “Termination Date”).

2.2 Early Termination. This Agreement may be terminated prior to the Termination Date pursuant to the following:

2.2.1 At any time by the mutual written consent of the Parties;

2.2.2 By the Non-Defaulting Party if an Event of Default occurs as provided for in Article 9, with such notice as required therein;

2.2.3 By Either Party in the case of a Force Majeure event, the non-terminating Party fails to substantially perform its obligations under this Agreement on account of such Force

Majeure event for a period exceeding 180 days after the occurrence of such Force Majeure event, and after thirty (30) days written notice; provided that such 180-day period may be extended, by the written agreement of both Parties, for an additional 180 days if (i) such Force Majeure event is not remedied within such 180-day period with reasonable diligence, (ii) such Force Majeure event may reasonably be expected to be remedied within such 180-day period, and (iii) the Party not performing its obligations under this Agreement on account of such Force Majeure event promptly undertakes to remedy such Force Majeure event and continues with reasonable diligence to effect such remedy within the 180-day period.

2.3 Effectiveness of Termination. Termination under this Article 2 shall be effective immediately after written notice is given, subject to any applicable notice requirements or extensions agreed to by the Parties. If this Agreement is terminated pursuant to any of the provisions above, the effective date of such termination shall be deemed the “Early Termination Date.”

2.4 Survival.

2.4.1 Termination of this Agreement for any reason shall not relieve PECO or Seller of any obligation accrued or accruing prior to such termination, and the following provisions of this Agreement shall survive any termination: Article 1, Sections 2.4, 2.5, 3.2, 3.3, 3.4, 3.5, 6.4, 6.5, 7.4, 7.6, 7.7, 11.2, 11.3, 12.1, and Articles 9, 13 and 14.

2.5 Preservation of Security. In the event that Seller has provided a Letter of Credit under the terms of this Agreement, Seller will preserve the Letter of Credit in place until all payments due under this Agreement for which the Letter of Credit has been provided have been made in full.

ARTICLE 3 PURCHASE AND SALE OF AECS

3.1 Purchase and Sale of AECs. Subject to the terms and upon the conditions and provisions of this Agreement, Seller shall sell, and PECO shall purchase, all rights, title and interest in the AECs specified in Exhibit 1 equal to the Contract Amount for each Contract Year. Each AEC transferred under this Agreement to satisfy the Contract Amount in each Contract Year shall be generated in that Contract Year.

3.2 Delivery of AECs by Seller. For each Semi-Annual period of the Contract Year during the Term, Seller shall Deliver Certificates to PECO for AECs equal to at least fifty percent of the Contract Amount (the “Semi-Annual AECs”) until PECO has received the

Contract Amount for the current Contract Year. The Delivery of the Semi-Annual AECs shall be completed no later than the fortieth (40th) day following the end of such Semi-Annual period, or such other date as PECO and the Seller may agree to in writing. Seller and PECO are each responsible for their own costs associated with establishing and administering any accounts with the Registry sufficient to accomplish the Delivery of all AECs. Seller agrees to execute all other documents or instruments, at its expense, necessary to effectuate the Delivery of the AECs to PECO or as may be reasonably requested by PECO. All AECs transferred to PECO shall be free and clear of all Liens. Nothing in this Section shall reduce Seller's obligations under Section 3.4.

3.3 Ownership of and Title to AECs. PECO shall have sole, exclusive and perpetual ownership of all AECs Delivered to PECO by Seller under this Agreement, including all rights to sell, assign, transfer, apply, or retire any AEC transferred to PECO by Seller. Title to AECs shall not transfer to PECO prior to Delivery by Seller. Any benefits derived from the AECs after Delivery to PECO shall inure solely to the benefit of PECO and not to Seller.

3.4 Contract Amount Guarantee. Seller shall transfer a total amount of AECs equal to the Contract Amount for each Contract Year. In the event that Seller fails to provide the AECs as provided under this Section, Seller shall pay PECO within forty-five (45) days of the end of the Contract Year an amount equal to the higher of the Contract Price or Alternative Compliance Payment ("AEC Payment") for each AEC which Seller fails to transfer to PECO for such Contract Year as liquidated damages. If the PaPUC subsequently determines that the Alternative Compliance Payment for the AEPS Reporting Year in which Seller failed to Deliver the Contract Amount is more than the amount Seller paid for each AEC not Delivered, Seller shall pay PECO the difference between the amount Seller paid per AEC and the actual Alternative Compliance Payment. If Seller has paid PECO an amount in excess of the actual Alternative Compliance Payment for each AEC not Delivered, PECO shall pay Seller the difference between the amount Seller paid per AEC and the actual Alternative Compliance Payment. All such additional payments shall be paid by PECO or Seller, as applicable, within thirty (30) days of the PaPUC's determination of the applicable Alternative Compliance Payment for an AEPS Reporting Year.

3.5 Non-Compliant AECs. In the event that any AEC transferred to PECO is subsequently determined to be unable to be used by PECO for AEPS compliance due to Seller's failure to comply with any obligation under this Agreement, Seller shall transfer an equivalent AEC to PECO. All AECs transferred to PECO under this Section shall be available for use by PECO for purposes of compliance under the Act as if the AEC had been created at the time the non-compliant AEC was created. Any additional costs or penalties incurred by PECO resulting from the transfer of non-compliant AECs by Seller shall be paid for by Seller.

3.6 Financing. PECO shall have no responsibility whatsoever for any financing or costs associated with Seller, including any expenditures necessary or desirable to deliver AECs to PECO under this Agreement.

**ARTICLE 4
RESERVED**

**ARTICLE 5
SELLER OBLIGATIONS**

5.1 AEC Obligations. During the Term, at its sole cost and expense, Seller represents, warrants and guarantees that:

5.1.1 Seller shall possess sole and exclusive title and legal rights to an AEC prior to the transfer of such AEC to PECO under this Agreement;

5.1.2 Seller shall transfer only valid AECs to PECO which have not been previously retired, claimed or used to satisfy any renewable energy requirements, obligations or voluntary undertaking by any entity in any jurisdiction; and

5.1.3 Seller shall comply with all Registry requirements that are necessary for Seller to perform its obligations under this Agreement.

5.2 Insurance.

5.2.1 Seller shall maintain at its sole expense, commencing with the Effective Date and continuing through the Term, insurance customarily maintained for aggregators of RECs, Seller shall provide certificates of insurance or other reasonable evidence of such insurance coverage acceptable to PECO upon request.

5.2.2 Failure to obtain and maintain the required insurance shall constitute a breach of the Agreement and Seller will be liable for any and all costs, liabilities, damages, and penalties (including attorneys' fees, court, and settlement expenses) resulting to PECO from such breach, unless a written waiver of the specific insurance requirement is provided to Seller by PECO.

5.2.3 Failure of Seller to provide insurance as herein required or failure of PECO to require evidence of insurance or to notify Seller of any breach by Seller of the requirements of this Article 5 shall not be deemed to be a waiver by PECO of any of the terms and conditions of this Agreement, nor shall they be deemed to be a waiver of the obligation of Seller to defend, indemnify, and hold harmless PECO as required herein. The obligation to procure and maintain any insurance required is a separate responsibility of Seller and independent of the duty to furnish a copy or certificate of such insurance policies.

5.2.4 Notwithstanding any provision of this Agreement, none of the requirements contained herein as to insurance coverage to be maintained by Seller are intended to and shall not in any manner limit, qualify, or quantify the liabilities and obligations assumed by Seller under this Agreement, any other agreement with PECO or its Affiliates, or otherwise provided by law.

5.3 Authorized Representatives. As a means of securing effective cooperation and interchanges of information and of providing consultation on a prompt and orderly basis between the Parties in connection with various administrative, commercial and technical issues that may arise during the performance of this Agreement, each Party shall appoint an authorized representative (with respect to each Party, the “Authorized Representative”) and may appoint an alternate (with respect to each Party, the “Alternate Representative”) to act in its Authorized Representative’s absence. The Authorized Representatives and Alternate Representatives shall be managers well experienced with regard to matters relating to the implementation of the Parties’ rights and obligations under this Agreement with full authority to act for and on behalf of the Party appointing them. Upon execution of this Agreement, each Party will notify the other in writing of the name of its Authorized Representative and Alternate Representative so appointed and these appointments will remain in full force and effect until written notice of substitution is delivered by such Party to the other Party.

5.4 Publicity. No party shall issue any press release or make any public announcement relating to the subject matter of this Agreement without the prior written approval of the other party, which approval shall not be unreasonably withheld.

ARTICLE 6 CREDIT AND COLLATERAL REQUIREMENTS

6.1 Credit Support. Seller shall post security with PECO, at the commencement of the Contract Year, in an amount based on the number of months remaining in the Term, as determined from the table (Credit Support Requirement) in Exhibit 3.

6.2 Grant of Security Interest. To secure its obligations under this Agreement, Seller hereby grants to PECO a present and continuing security interest in, and lien on (and right of setoff against), and assignment of, all cash collateral and cash equivalent collateral and any and all proceeds resulting therefrom or the liquidation thereof, whether now or hereafter held by, on behalf of, or for the benefit of, PECO. Seller agrees to take such action as reasonably required to perfect in favor of PECO such security interest in, and lien on (and right of setoff against), such collateral and any and all proceeds resulting therefrom or from the liquidation thereof.

6.3 Remedies. Upon or any time after the occurrence of an Event of Default caused by Seller, PECO may do any one or more of the following: (i) exercise any of the rights and remedies of the Company with respect to all collateral, including any such rights and remedies under law then in effect; (ii) exercise its rights of setoff against any and all property of Seller in the possession of PECO, whether held in connection with this Agreement or any other agreement(s) between PECO and Seller for the provision of Energy or AECs; (iii) draw on any outstanding Letter of Credit issued for PECO’s benefit; and (iv) liquidate all collateral security held by or for the benefit of the PECO free from any claim or right of any nature whatsoever of the Seller, including any equity or right of purchase or redemption by the Seller. PECO shall apply the proceeds of the collateral security realized upon the exercise of such rights or remedies to reduce Seller’s obligation under this Agreement or any other agreement(s) between PECO and Seller for the provision of Energy or AECs (the Seller remaining liable for any amounts owing to

the Company after such application), subject to PECO's obligation to return any surplus proceeds remaining after such obligations are satisfied in full.

6.4 Security Instruments. At Seller's choice, the following are deemed to be acceptable methods for posting security (each, a "Security Instrument"), if required:

6.4.1 Cash; or

6.4.2 An irrevocable transferable standby letter of credit (a "Letter of Credit") acceptable to the Company issued by a bank or other financial institution with a minimum "A" senior unsecured debt rating from S&P or Moody's (the "Issuer Minimum Requirements"). (A standard format for the Letter of Credit is provided in Exhibit 2.) In the event that senior unsecured debt ratings are unavailable from S&P, the corporate issuer rating, discounted one notch, will be used. In the event that senior unsecured debt ratings are unavailable from Moody's, the issuer rating will be used. The Company will only rely on senior unsecured debt ratings, or if unavailable, issuer or corporate issuer ratings. If the Seller does not have a senior unsecured debt rating and does not have an issuer or corporate issuer rating from a rating agency, it will be deemed by the Company not to be rated by that rating agency. The Letter of Credit shall state that it shall renew automatically for successive one-year or shorter periods unless the Company receives written notice from the issuing financial institution at least thirty (30) days prior to the expiration date stated in the Letter of Credit that the issuing financial institution elects not to extend the Letter of Credit. If the Company receives notice from the issuing financial institution that the Letter of Credit will not be extended, the Seller will be required to provide a substitute Letter of Credit from an alternative bank or financial institution satisfying the Issuer Minimum Requirements. The receipt of the substitute Letter of Credit must be effective on or before the expiration date of the expiring Letter of Credit and delivered to the Company at least fifteen (15) days before the expiration date of the original Letter of Credit. If the Seller fails to supply a substitute Letter of Credit as required herein, then the Company will have the right to draw on the expiring Letter of Credit and to hold the amount as collateral. If the credit rating of the issuer of a Letter of Credit falls below the Issuer Minimum Requirements, the Seller shall have two (2) Business Days (or such longer period as the Company in its sole discretion may permit in writing) following written notice by the Company to obtain a suitable Letter of Credit from another bank or other financial institution that meets the Issuer Minimum Requirements.

6.5 Calling on Security. The Company may call upon the Security Instrument posted by the Seller (i) if the Seller fails to pay amounts due to the Company pursuant to this Agreement or any other agreement(s) between the Company and the Seller for the provision of Energy and AECs after written notice of default is provided to the Seller and any applicable cure period ends; and (ii) with respect to the Development Security, to satisfy PECO's rights to such portions of the Development Security specified in Section 6.1. The foregoing notwithstanding, the Security Instrument posted by the Seller shall become due automatically, and may be called upon by the Company, without prior notice or right of cure in the case of any Event of Default involving the Seller arising under Section 9.1.1.

6.6 Interest on Cash Held by Company. The Company will pay simple interest (not compounded) calculated at the lower of the Interest Rate or six (6) percent per annum on any

Cash posted by the Seller as Performance Security and directly held by the Company pursuant to this Agreement.

ARTICLE 7 BILLING AND PAYMENT; RECORDS

7.1 Invoices. Beginning with the end of the first Semi-Annual period after the Effective Date, Seller shall send PECO a statement following the Delivery of AECs after each Semi-Annual period setting forth all amounts due either to the Seller or to PECO arising during the preceding Semi-Annual period. The statement shall include (i) after the commencement of the Term, the quantity of AECs that were Delivered by Seller to PECO during such Semi-Annual period and the total amount owed by PECO for those AECs at the Contract Price, (ii) any interest due to Seller as provided in Section 6.6, and (iii) any other amount due Seller or to PECO under this Agreement in respect of such Semi-Annual period (including the amount of any Replacement AEC Payment). Such statement shall be sent by Seller to PECO no later than fifteen (15) Business Days following the Delivery of AECs for which the statement is applicable.

7.2 Payment. Subject to all conditions and provisions of this Agreement (including Section 7.7), no later than fifteen (15) Business Days after the date of a statement submitted by Seller, or if such day is not a Business Day, the immediately following Business Day, the Party owing the net amount shown to be due on such statement shall remit to the other Party, by wire transfer in accordance with Section 12.1, the amount due pursuant to such statement.

7.3 Interest. Amounts not paid shall accrue interest from the due date to the date of payment at the Interest Rate.

7.4 Taxes. Seller shall be responsible for all existing and any new taxes, fees, levies, assessments, penalties, licenses, or charges imposed or levied by any federal, state or local governmental agency (collectively, "Taxes") on all AECs prior to and including the Delivery of AECs under this Agreement. PECO shall be responsible for all existing and any new Taxes imposed or levied by any federal, state or local governmental agency on AECs after transfer to PECO. If PECO is required to remit or pay Taxes that are Seller's responsibility under this Agreement, then Seller shall promptly reimburse PECO for such Taxes. If Seller is required to remit or pay Taxes that are PECO's responsibility under this Agreement, then PECO shall promptly reimburse Seller for such Taxes.

7.5 Disputed Amounts. If either Party, in good faith, disputes any amount due pursuant to a statement rendered hereunder, such Party shall notify the other Party of the specific basis for the dispute and shall pay that portion of the amount shown to be due on the statement that is undisputed, on or before the due date. If any amount disputed by such Party is determined to be due the other Party, whether by agreement of the Parties or through arbitration in accordance with Section 13.2, the amount due shall be paid within five (5) Business Days of such determination or resolution, along with interest accrued at the Interest Rate from the date due to the date paid. Notwithstanding the above, no dispute may be made with respect to any statement or payment hereunder unless a Party questions the accuracy of such payment or statement within one year after the date of such statement or payment.

7.6 Records. Each Party shall keep and maintain all records as may be necessary or useful in performing or verifying any calculations made pursuant to this Agreement, or in verifying such Party's performance hereunder. All such records shall be retained by each Party for at least three (3) calendar years following the calendar year in which such records were created.

7.7 Audit Rights. Each Party, through its authorized representatives, shall have the right, at its sole expense and during normal business hours, to examine and copy the records of the other Party to the extent reasonably necessary to verify the accuracy of any statement, charge or computation made hereunder or to verify the other Party's performance of its obligations hereunder. If any statement is determined by the Parties or through arbitration to be inaccurate, a corrected statement shall be issued and any amount due thereunder will be promptly paid and shall bear interest calculated at the Interest Rate from the date of the overpayment or underpayment to the date of receipt of the reconciling payment. Notwithstanding the above, no adjustment shall be made with respect to any statement or payment hereunder unless a Party questions the accuracy of such statement or payment within one year after the date of such statement or payment.

ARTICLE 8 REPRESENTATIONS AND WARRANTIES

8.1 Mutual Representations. As a material inducement to execution of this Agreement, each Party hereby represents and warrants to the other Party that:

8.1.1 It is duly organized or formed, validly existing and in good standing under the laws of the jurisdiction of its organization or formation, and is qualified to conduct its business in all jurisdictions necessary to perform its obligations hereunder;

8.1.2 The execution, delivery and performance of this Agreement are within its powers, have been duly authorized by all necessary action and do not violate any of the terms or conditions in its governing documents, any agreement to which it is a party or by which it or any of its property is bound, or any Requirement of Law applicable to it;

8.1.3 Except as set forth in and as required by this Agreement, no consent, approval, order or authorization of, or registration, declaration or filing with, any Governmental Authority is required by such Party in connection with the execution, delivery or performance of this Agreement;

8.1.4 This Agreement constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, subject to bankruptcy, insolvency, reorganization and other laws affecting creditors' rights generally, and with regard to equitable remedies, to the discretion of the court before which proceedings to obtain same may be pending;

8.1.5 No Event of Default has occurred and there are no bankruptcy, insolvency, reorganization, receivership or other arrangement proceedings pending or being contemplated by it, or to its knowledge threatened against it;

8.1.6 To such Party's knowledge, there are no actions, proceedings, judgments, rulings or orders, issued by or pending before any court or other governmental body, that would materially adversely affect its ability to perform its obligations under this Agreement;

8.1.7 It is, and will continue to be for the Term, a Forward Contract Merchant both generally and with respect to the AECs delivered and purchased under this Agreement.

8.2 Forward Contract. The Parties acknowledge that this Agreement is a Forward Contract and the Parties are Forward Contract Merchants, both generally and with respect to the deliveries of AECs pursuant to this Agreement, that each party is an "eligible contract participant" as set forth in the Commodities Exchange Act; and, accordingly, the Parties are entitled to the protections of the Safe Harbor Provisions of the Bankruptcy Code. The Parties therefore agree that this Agreement may be terminated and the remedies hereunder exercised by either Party in accordance with Article 2 and Article 9 hereof upon the commencement of a proceeding by the other Party under any chapter of the Bankruptcy Code, and that the automatic stay of Section 362(a) of the Bankruptcy Code shall not apply to such termination.

8.3 No Representation or Warranty By PECO. Any review by PECO of any information or material pertaining to the Seller is solely for PECO's information only. By conducting such review, PECO makes no representation or warranty as to the Seller. PECO does not endorse or in any way approve of any representation or warranty of Seller in any agreement or to any Person, and Seller shall not make any such representation that PECO has given any such approval.

ARTICLE 9 EVENTS OF DEFAULT AND REMEDIES

9.1 Events of Default. An "Event of Default" by a Party (the "Defaulting Party") shall mean:

9.1.1 With respect to Seller, unless otherwise excused or permitted under the terms of this Agreement, the following events, without notice or the opportunity to cure, if the Seller:

(a) fails to meet the ratings requirements or to comply with the collateral requirements set forth in Article 6 within the time frames set forth in this Agreement;

(b) (1) fails to make any payment when due (whether by scheduled maturity, required prepayment, acceleration, demand or otherwise) in respect of any indebtedness for borrowed money involving a principal sum in excess of \$5,000,000 ("Material Debt") and such failure continues after the applicable grace or notice period, if any, specified in the relevant document on the date of such failure, or (2) fails to perform or observe any other condition or covenant, or any other event shall occur or condition exist, under any agreement or instrument relating to any Material Debt, if, in any such event, the effect of such failure, event or condition is to cause, or permit the holder or holders thereof or beneficiary or beneficiaries thereof (or a trustee or agent on behalf of such holder

or holders or beneficiary or beneficiaries) to cause (after the expiration of any applicable grace period or notice period, if any, specified in the relevant document on the date of such failure) such Material Debt to become due and payable or to be repurchased, defeased or redeemed prior to its expressed maturity;

- (c) is dissolved (other than pursuant to a consolidation, amalgamation or merger);
- (d) makes an assignment for the benefit of its creditors;
- (e) has a secured party take possession of all or substantially all of its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all of its assets; or
- (f) has a resolution passed for its winding-up, official management or liquidation (other than pursuant to a consolidation, amalgamation or merger).

9.1.2 With respect to either Party, an Event of Default shall occur if such Party:

- (a) is the subject of a voluntary bankruptcy, insolvency or similar proceeding;
- (b) applies for, seeks consent to, or acquiesces in the appointment of a receiver, custodian, trustee, liquidator or similar official to manage all or a substantial portion of its assets;
- (c) is the subject of an involuntary bankruptcy or similar proceeding, and fails to have such proceeding dismissed within 60 days; or
- (d) commits an act or makes an omission that constitutes an “Event of Default” under any other agreement(s) between PECO and the Seller for the provision of Energy or AECs.

9.1.3 Unless otherwise excused or permitted under the terms of this Agreement, a Party’s failure to make, when due, any payment required pursuant to this Agreement, shall constitute an Event of Default unless a Party shall have cured the same within three (3) Business Days after receipt of written notice of such payment failure from the other Party.

9.1.4 Unless otherwise excused or permitted under the terms of this Agreement, any of the following events shall constitute an Event of Default unless a Party shall have cured the same within thirty (30) days after receipt of written notice of the occurrence of such event from the other Party:

- (a) Any representation, warranty or covenant made by such Party herein is proven to be false or misleading in any material respect at the time it was made;

(b) A Party transfers or assigns or otherwise conveys any of its rights or obligations under this Agreement to another entity without the other Party's prior written consent, to the extent such consent is required under this Agreement, or if at the time of such transfer, assignment or conveyance, the resulting, surviving or transferee entity fails to assume all the obligations of such Party under this Agreement by operation of law or pursuant to an agreement reasonably satisfactory to the other Party;

(c) A Party's unexcused failure to perform any other material covenant or obligation set forth in this Agreement that is not enumerated in this Section 9.1; or

(d) with respect to Seller, Seller fails to have and maintain, during the Term, all federal, state and local Permits to permit its performance under this Agreement.

9.2 Rights Upon Default. Upon and during the continuation of an Event of Default, the Non-Defaulting Party shall be entitled to elect or pursue one or more of the following remedies:

9.2.1 terminate the Agreement by providing written notice to the Defaulting Party of an Early Termination, as provided in Section 2.2;

9.2.2 accelerate all amounts then owing by the Defaulting Party to the Non-Defaulting Party;

9.2.3 withhold any payments due to the Defaulting Party under this Agreement;

9.2.4 suspend its performance under this Agreement; and

9.2.5 pursue any other remedies available at law or in equity, except to the extent such remedies are expressly limited by this Agreement.

9.3 Reliance on Netting. The Parties are making credit, default, collateral and other decisions and changes based upon and in reliance on the effectiveness of the default, early termination, setoff and netting provisions of this Agreement. The Parties would not enter into this Agreement and would change their position with regard to netting except for their reliance on and with the understanding that these netting terms will be effective. Notwithstanding anything else in this Agreement or in any other agreement between the Parties to the contrary, if for any reason these terms or any right of offset or netting hereunder or under another agreement in favor of the Non-Defaulting Party against a bankrupt Defaulting Party is delayed from being exercised or is not enforceable in accordance with its terms because either Party asserts or is concerned that the Safe Harbor Provisions of the Bankruptcy Code do not apply to such rights of enforcement or for any other reason, the Non-Defaulting Party may (a) exercise its rights to effect a setoff under Section 553 of the Bankruptcy Code or other applicable provisions, equity and law, and (b) withhold payments subject to a claim of offset under any obligations due the Defaulting Party in respect of any transactions or deliveries under this Agreement or any other agreement until such setoff rights are exercised and effected.

9.4 Setoff of Payment Obligations of the Non-Defaulting Party. Any payment obligations of the Non-Defaulting Party to the Defaulting Party pursuant to this Agreement or any other agreement(s) between the Company and the Seller for the provision of Energy or AECs shall be set off: (i) first, to satisfy any payment obligations of the Defaulting Party to the Non-Defaulting Party pursuant to this Agreement or any other agreement(s) between the Company and the Seller for the provision of Energy or AECs that are unsecured; (ii) second, to satisfy any payment obligations of the Defaulting Party to the Non-Defaulting Party pursuant to this Agreement or any other agreement(s) between the Company and the Seller for the provision of Energy or AECs that are unsecured, but which are subject to a guaranty; and (iii) third, to satisfy any remaining payment obligations of the Defaulting Party to the Non-Defaulting Party pursuant to this Agreement or any other agreement(s) between the Company and the Seller for the provision of Energy or AECs. Any setoff shall not be subject to the automatic stay by virtue of Section 362(b)(6) of the Bankruptcy Code.

9.5 Preservation of Rights of the Non-Defaulting Party. The rights of the Non-Defaulting Party under this Agreement, including Sections 9.3 and 9.4 shall be supplemental to, and not in lieu of, any right of recoupment, lien, or set-off afforded by applicable Requirements of Law, and all such rights are expressly preserved for the benefit of the Non-Defaulting Party.

9.6 Integrated Transaction. To the extent that Section 365 of the Bankruptcy Code applies to this Agreement, the Parties agree that all transactions under this Agreement constitute one integrated transaction that can only be assumed or rejected in its entirety.

ARTICLE 10 ASSIGNMENT

10.1 Assignment. Neither Party shall assign this Agreement or any of its rights or obligations hereunder (including by lease, subcontract, or otherwise) without the prior written consent of the other Party. Notwithstanding the foregoing, either Party may, without the need for consent from the other Party, transfer or assign this Agreement to an Affiliate of such Party, providing that the assigning Party shall provide notice to the other Party and shall remain responsible for its obligations under the Agreement. In all such transfers and assignments, the succeeding Party must agree to comply with all the provisions, terms and conditions of this Agreement, including the credit and collateral security requirements set out in Article 6. Except as specifically provided in this Article 10, any assignment or transfer of this Agreement or any rights, duties or interests hereunder by any Party without the written consent of the other Party shall be void and of no force or effect.

ARTICLE 11 FORCE MAJEURE; INDEMNITY; LIMITATION OF LIABILITY

11.1 Force Majeure. If either Party is rendered unable by a Force Majeure event to carry out, in whole or in part, its obligations under this Agreement, then, during the pendency of such event of Force Majeure, but for no longer period, the obligations of the affected Party (other than the obligation to make payments hereunder when due) shall be suspended to the extent required. The affected Party shall (i) give the other Party written notice within 48 hours of the commencement of the Force Majeure event, with details to be supplied within three (3) Business

Days after the commencement of the Force Majeure event further describing the particulars of the occurrence of the Force Majeure event, and (ii) take all reasonable steps to remedy the cause of the Force Majeure event with all reasonable dispatch. Whenever either Party is required to commence or complete any action within a specified period, such period shall be extended by an amount equal to the duration of any event of Force Majeure occurring or continuing during such period; provided, however, that in no event will any Force Majeure event extend this Agreement beyond its Term. A determination of force majeure by the PaPUC under the Act shall not constitute a determination of Force Majeure under this Agreement.

11.2 Indemnification.

11.2.1 Each Party shall indemnify, defend and hold harmless the other Party and its officers, directors, agents and employees (each an “Indemnified Party”) from and against any and all claims, demands, actions, losses, liabilities, expenses (including reasonable legal fees and expenses), suits and proceedings of any nature whatsoever for personal injury, death or property damage to third parties (collectively “Liabilities”) that arise out of or are in any manner connected with the performance of this Agreement.

11.2.2 Any fines, penalties or other costs incurred by a Party or its agents, employees or subcontractors for non-compliance by such Party, its agents, employees or subcontractors with any Requirement of Law will not be reimbursed by the other Party but will be the sole responsibility of such non-complying Party.

11.2.3 A Party seeking indemnification under this Section 11.2 shall give written notice to the indemnifying Party as soon as reasonably practicable after the Indemnified Party becomes aware of any fact, condition or event which may give rise to Liabilities for which indemnification may be sought under this Section 11.2.

11.3 Limitations of Remedies, Liability and Damages. The Parties agree that the remedies and measures of damages provided in this Agreement satisfy the essential purposes hereof. If no measure of damages or other remedy is expressly provided herein, the obligor’s liability shall be limited to direct actual damages only, which direct actual damages shall be the sole and exclusive remedy and all other remedies or damages at law or in equity are waived. Unless otherwise provided herein, neither Party shall be liable for consequential, incidental, punitive, exemplary or indirect damages, lost profits or other business interruption damages, (other than consequential, incidental, punitive, exemplary or indirect damages, lost profits or other business interruption damages recovered by an unaffiliated third party against a Party subject to indemnification hereunder), whether such damages are allowed or provided by statute, in tort, under any indemnity provision or otherwise.

facsimile transmission shall be deemed to have been received by the recipient if the recipient confirms receipt telephonically or in writing.

ARTICLE 13 DISPUTE RESOLUTION

13.1 Negotiations. The Parties shall attempt in good faith to resolve all disputes arising out of or related to or in connection with this Agreement promptly by negotiation, as provided in this Section. Any Party may give the other Party written notice of any dispute not resolved in the normal course of business. Executives of both Parties at levels one level above the personnel who have previously been involved in the dispute shall meet at a mutually acceptable time and place within ten (10) Business Days after delivery of such notice, and thereafter as often as they reasonably deem necessary, to exchange relevant information and to attempt to resolve the dispute. If the matter has not been resolved within thirty (30) Business Days from the referral of the dispute to senior executives, or if no meeting of senior executives has taken place within fifteen (15) Business Days after such referral, either Party may initiate arbitration as provided in Section 13.2. All negotiations pursuant to this clause are confidential, shall be considered to be in the nature of settlement discussions and shall be subject to Section 13.3.

13.2 Arbitration.

13.2.1 If the negotiation process provided for in Section 13.1 has not resolved the dispute, the dispute shall be decided by binding arbitration at Philadelphia, Pennsylvania in accordance with the Commercial Arbitration Rules of the American Arbitration Association (except as expressly provided otherwise herein). The arbitration shall be governed by the United States Arbitration Act (9 U.S.C. § 1 et seq.), and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. This agreement to arbitrate and any other agreement or consent to arbitrate entered into in accordance herewith will be specifically enforceable under the prevailing arbitration law of any court having jurisdiction. Any arbitration may be consolidated with any other arbitration proceedings between the Parties commenced under this Section 13.2. The award of the arbitrator shall be specifically enforceable in a court of competent jurisdiction.

13.2.2 Either Party may commence the arbitration by giving to the other Party written notice in sufficient detail of the existence and nature of any dispute proposed to be arbitrated. The demand must be made within a reasonable time after the dispute has arisen. In no event may the demand for arbitration be made if the institution of legal or equitable proceedings based on such dispute is barred by the applicable statute of limitations. The Parties shall attempt to agree on a person to serve as arbitrator with respect to the matter at issue. If the Parties cannot agree on an arbitrator within ten (10) Business Days of such notice, each shall then appoint one individual to serve as an arbitrator within thirty (30) Business Days of such notice and the two (2) individuals thus appointed shall select a third arbitrator to serve as chairman of the panel of arbitrators. Such three (3) arbitrators shall determine all matters by majority vote; provided however, if the two (2) arbitrators appointed by the Parties are unable to agree upon the appointment of the third arbitrator within ten (10) Business Days after their appointment, both shall give written notice of such failure to agree to the Parties, and, if the

Parties fail to agree upon the selection of such third arbitrator within five (5) Business Days of such notice, then either of the Parties upon written notice to the other may require such appointment from, and pursuant to the Commercial Arbitration Rules of the American Arbitration Association. Any arbitrator appointed shall be a present or former executive of an electric utility, or private power producer, or an attorney, in each case with substantial experience in electric power purchase agreements. Prior to appointment, each arbitrator shall agree to conduct such arbitration in accordance with the terms of this Agreement.

13.2.3 The Parties shall have sixty (60) calendar days after appointment of all arbitrators to perform discovery and present evidence and argument to the arbitrators. During that period, the arbitrators shall be available to receive and consider all such evidence as is relevant and, within reasonable limits due to the restricted time period, to hear as much argument as is feasible, giving a fair allocation of time to each Party to the arbitration. The arbitrators shall use all reasonable means to expedite discovery and to sanction noncompliance with reasonable discovery requests or any discovery order. The arbitrators shall not consider any evidence or argument not presented during such period and shall not extend such period except by the written consent of both parties. At the conclusion of such period, the arbitrators shall have forty-five (45) calendar days to reach a determination.

13.2.4 The arbitrators shall have the right only to interpret and apply the terms and conditions of this Agreement and to order any remedy allowed by this Agreement, and may not change any term or condition of this Agreement, deprive either Party of any right or remedy expressly provided hereunder, or provide any right or remedy that has been excluded hereunder.

13.2.5 The arbitrators shall give a written decision to the Parties stating their findings of fact, conclusions of law and order, and shall furnish to each Party a copy thereof signed by them within five (5) calendar days from the date of their determination. Each party shall pay the cost of the arbitrator or arbitrators, with respect to those issues as to which they do not prevail, as determined by the arbitrator or arbitrators.

13.3 Settlement Discussions. The Parties agree that no statements of position or offers of settlement made in the course of the dispute process described in Section 13.1 above will be offered into evidence for any purpose in any litigation or arbitration between the Parties, nor will any such statements or offers of settlement be used in any manner against either Party in any such litigation or arbitration. Further, no such statements or offers of settlement shall constitute an admission or waiver of rights by either Party in connection with any such litigation or arbitration. At the request of either Party, any such statements and offers of settlement, and all copies thereof, shall be promptly returned to the Party providing the same.

13.4 Preliminary Injunctive Relief. Nothing in this Article 13 shall preclude, or be construed to preclude, the resort by either party to a court of competent jurisdiction solely for the purposes of securing a temporary or preliminary injunction to preserve the status quo or avoid irreparable harm pending arbitration pursuant to this Article 13.

ARTICLE 14 MISCELLANEOUS

14.1 Entire Agreement. This Agreement constitutes the entire agreement between the Parties with respect to the subject matter hereof, and it supersedes all prior oral or written agreements, commitments, negotiations or understandings with respect to the matters provided for herein.

14.2 Schedules and Exhibits. The Schedules and the Exhibits attached hereto are hereby incorporated into this Agreement and are hereby made a part hereof as if set out in full herein.

14.3 Amendment. Unless expressly provided otherwise in another provision of this Agreement, this Agreement shall not be amended, altered or modified except by an instrument in writing duly executed by both Parties. It is agreed that no use of trade or other regular practice or method of dealing between the Parties hereto shall be used to modify, interpret, supplement, or alter in any manner the terms of this Agreement.

14.4 Waiver. Any agreement on the part of a Party to any extension or waiver of any provision hereof shall be valid only if set forth in an instrument in writing signed on behalf of such Party. A waiver by a Party of the performance of any covenant, agreement, obligation, condition, representation or warranty shall not be construed as a waiver of any other covenant, agreement, obligation, condition, representation or warranty. A waiver by a Party of the performance of any act shall not constitute a waiver of the performance of any other act or an identical act required to be performed at a later time.

14.5 Remedies Cumulative. No right or remedy herein conferred upon or reserved to either Party is intended to be exclusive of any other right or remedy, and each and every right and remedy shall be cumulative and in addition to any other right or remedy under this Agreement, or under applicable law, whether now or hereafter existing.

14.6 Binding Effect; Limitation of Benefits. This Agreement shall be binding upon and shall insure to the benefit of the Parties hereto and, subject to the provisions of Article 10 hereof, their successors and permitted assigns. Nothing in this Agreement is intended to confer benefits, rights or remedies unto any Person other than the Parties and their permitted successors and assigns, and no third party shall have the right to enforce the provisions of this Agreement.

14.7 Compliance with Laws. Except as otherwise provided in this Agreement, each Party to this Agreement shall comply, at its own expense, with all applicable laws, statutes, regulations, rules, ordinances, orders, injunctions, writs, decrees or awards of any government or political subdivision thereof, or any agency, authority, bureau, commission, department or instrumentality thereof, or any court, tribunal, or arbitrator, in all applicable, material respects in connection with all activities and all performance under or in connection with this Agreement.

14.8 Governing Law. The validity, interpretation and performance of this Agreement and each of its provisions shall be governed by the laws of the Commonwealth of Pennsylvania, without giving effect to any choice of conflict of law provision or rule (whether of the

Commonwealth of Pennsylvania or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the Commonwealth of Pennsylvania.

14.9 No Partnership or Joint Venture. This Agreement is not intended to create nor shall it be construed to create any partnership or joint venture relationship between PECO and Seller, and neither Party hereto shall have the power to bind or obligate the other Party. Neither Party hereto shall be liable for the payment or performance of any debts, obligations, or liabilities of the other Party, unless expressly assumed in writing herein or otherwise. Each Party retains full control over the employment, direction, compensation and discharge of its employees, and will be solely responsible for all compensation of such employees, including social security, withholding and worker's compensation responsibilities.

14.10 Headings. The titles, headings and table of contents contained in this Agreement are inserted for convenience of reference only, shall not be deemed to be a part of this Agreement for any purpose, and shall not in any way define or affect the meaning, construction or scope of any of the provisions hereof.

14.11 Number of Days. In computing the number of days for purposes of this Agreement, all days shall be counted, including Saturdays, Sundays, and holidays; provided, however, that if the final day of any time period falls on a Saturday, Sunday, or holiday, then the final day shall be deemed to be the next day which is not a Saturday, Sunday, or holiday.

14.12 E-mail in Place of Writing. Where the parties agree, any written notification required by this Agreement may be transmitted via e-mail.

14.13 Severability. Whenever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under the domestic laws of the Commonwealth of Pennsylvania as provided herein, but if any provision of this Agreement is held to be illegal, invalid or unenforceable under present or future Laws effective during the term hereof, then (a) in lieu of such illegal, invalid or unenforceable provision, the Parties shall promptly endeavor, in good faith negotiations, to agree on a provision as may be possible and be legal, valid and enforceable, provided that no Party shall be required to agree to any provision that would materially alter any of its rights or obligations under this Agreement, and (b) the legality, validity and enforceability of the remaining provisions of this Agreement shall not in any way be affected or impaired thereby. To the extent permitted by law, each Party hereby waives any Requirement of Law that renders any such provision prohibited or unenforceable in any respect.

14.14 Counterparts. This Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which taken together shall constitute one single agreement between the Parties.

EXHIBIT 6
CONFIDENTIALITY AGREEMENT

CONFIDENTIALITY AGREEMENT

This Confidentiality Agreement (“Agreement”) is made on _____, 202[___] by and between PECO Energy Company, a Pennsylvania company (“PECO”), and [Bidder], a _____ company (“Bidder”), each a “Party” and collectively the “Parties.”

Background

- A. Bidder has determined to submit an application (the “Application”) in response to PECO’s Request for Proposals (“RFP”) for Solar Alternative Energy Credits (“AECs”), as defined by the Alternative Energy Portfolio Standards Act, 73 P.S. § 1648.1 *et seq.*; and provide certain non-public, confidential information to PECO as part of its Application;
- B. If Bidder is selected as a successful bidder and Bidder enters into a Solar Alternative Energy Credit and Purchase Agreement (the “AECPA”) with PECO, the Parties anticipate the exchange of additional non-public, confidential information with respect to the AECPA;
- C. The Parties desire to formally set forth their understanding and agreement with respect to the treatment to be accorded to the non-public, confidential information and have done so in the provisions of this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, intending to be legally bound hereby, agree as follows:

1. For purposes of this Agreement, the term “Confidential Information” is defined to mean any knowledge, data, business plans, records, operational methods, policies and/or other information disclosed by or on behalf of a Party (the “Disclosing Party”), its officers, employees, contractors, agents, consultants, or representatives (including, without limitation, financial advisors, attorneys and accountants) or those of its affiliates (collectively, the “Representatives” of a Party) to the other Party (the “Receiving Party”) or its Representatives, which is not otherwise available to the public or to the Disclosing Party’s competitors. Prior to disclosure, the Disclosing Party or its Representatives shall mark or otherwise identify all Confidential Information as “Confidential” or “Proprietary” or with terms or markings of similar import.
2. The term “Confidential Information” does not include information which (i) is or becomes generally available to the public other than as a result of disclosure by a Receiving Party, (ii) was within a Receiving Party’s possession prior to being furnished to the Receiving Party on a non-confidential basis, (iii) becomes available to a Receiving Party on a non-confidential basis from a source other than the other Disclosing Party, or (iv) is developed by or for the Receiving Party independently of Confidential Information.
3. The Parties acknowledge that Confidential Information is proprietary to, and a valuable asset of, the Disclosing Party and that any disclosure or unauthorized use thereof in violation of this Agreement may cause irreparable harm and loss to the Disclosing Party.
4. The Receiving Party and its Representatives shall retain the Disclosing Party’s Confidential Information in confidence and shall not use, disclose or permit the use or disclosure of the Disclosing Party’s Confidential Information, except to persons directly involved in the

- Application evaluation process or in the execution and implementation of the AECPA, and then only to the extent necessary in connection with the RFP or AECPA (as applicable), or as otherwise required by law.
5. Each Receiving Party covenants and agrees that it shall not, either directly or indirectly, publish or disclose any of the Disclosing Party's Confidential Information subject to this Agreement or use such Confidential Information for the benefit of itself, another party or any third parties without the prior written consent of the Disclosing Party, except as expressly permitted by this Agreement.
 6. The Receiving Party shall continue to treat the Disclosing Party's Confidential Information as confidential in accordance with the terms of this Agreement until three (3) years after the last of (i) the termination of this Agreement, (ii) the completion of the RFP process, (iii) the termination of the AECPA, and (iv) the last disclosure of Confidential Information received by a Receiving Party (the "Confidentiality Period"). After the conclusion of such Confidentiality Period, the Receiving Party shall be under no further duty to treat or protect the Disclosing Party's Confidential Information as confidential under this Agreement.
 7. The Parties acknowledge that breach of the terms, covenants or conditions contained in this Agreement by either of them may cause irreparable damage to the other for which a remedy at law would not be adequate. In the event of such breach or threatened breach, the non-breaching Party shall be entitled to seek appropriate injunctive relief in any court of competent jurisdiction, restraining the breaching Party from any such threatened or actual violation of the provision of this Agreement. This provision does not limit a non-breaching Party's right to seek monetary damages in addition to the injunctive relief mentioned above. EXCEPT IN CASES OF GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY FOR ANY SPECIAL, EXEMPLARY, PUNITIVE, INCIDENTAL, CONSEQUENTIAL OR INDIRECT DAMAGES, INCLUDING, WITHOUT LIMITATION, ANY LOST REVENUE OR LOST PROFITS, IN CONNECTION WITH THIS CONFIDENTIALITY AGREEMENT.
 8. In the event that a Receiving Party is required to disclose any of a Disclosing Party's Confidential Information by court order or regulation, the Receiving Party shall provide the Disclosing Party with prompt written notice of any such requirement (unless forbidden to do so by court order or regulation) in order to provide the Disclosing Party with an opportunity to seek a protective order or other appropriate remedy. The Parties agree to cooperate with each other in any Party's efforts to prevent disclosure of its Confidential Information. Notwithstanding any provision of this Agreement, PECO shall be free to provide any information received from Bidder to the Pennsylvania Public Utility Commission (the "Commission") or its representatives and to any third party monitor participating in the RFP.
 9. Nothing in this Agreement shall authorize or empower the Receiving Party to assume or create any obligation or responsibility whatsoever, expressed or implied, on behalf of or in the name of the Disclosing Party, or to bind the Disclosing Party in any manner, or to make any representation, warranty or commitment on behalf of the Disclosing Party.
 10. This Agreement shall terminate without further action by either Party (i) in the event that Bidder is not selected as a successful bidder in the RFP, or (ii) Bidder is disqualified by PECO as provided in the RFP, or (iii) Bidder withdraws its Application, or (iv) if Bidder is selected as a successful bidder, upon Bidder's failure to execute the AECPA after written request by PECO or

upon termination of the AECPA. Notwithstanding any such termination, all rights and obligations hereunder shall survive with respect to Confidential Information disclosed prior to such termination.

- 11. The laws, but not the rules relating to the choice of law, of the Commonwealth of Pennsylvania, shall govern this Agreement. Any action or dispute may only be brought in the Court of Common Pleas in Philadelphia, Pennsylvania, or in the United States District Court for the Eastern District of Pennsylvania.
- 12. This Agreement and all of its terms and provisions shall be binding upon and shall inure to the benefit of the Parties and their respective successors and assigns as may be permitted by law.
- 13. The invalidity or non-enforceability of any term or provision contained in this Agreement shall not void or impair the Agreement’s remaining provisions, which shall remain in full force and effect as if no such invalid or unenforceable provision existed.
- 14. Confidential Information is provided on an “As-Is” basis, with no warranty of any nature whether oral or written, statutory, express or implied.
- 15. Nothing contained in this Agreement shall be construed as granting or conferring any rights by license or otherwise in any Confidential Information disclosed to the Receiving Party or in any intellectual property rights related thereto. Except as provided in the RFP and AECPA, this Agreement is the complete and exclusive agreement regarding the Parties’ disclosures of information.
- 16. This Agreement may be executed in counterparts, each of which shall be deemed an original.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed on the date first written above.
