GAS SAFETY:
KEEP YOUR METER CLEAR OF LEAVES & DEBRIS

• Do not pile leaves in a way that limits access to your meter for service visits or emergency situations.
• Make sure exhaust vents and air intakes of natural gas appliances are not obstructed. If they’re blocked, dangerous carbon monoxide (CO) could accumulate in your home.

If you need to report a gas or electric emergency, call 1-800-841-4141.

LEDs use up to 85% less energy and last up to 15 times longer than incandescents. Stock up while discounts and incentives last. Visit peco.com/LED

LED stands for Good.

THIRD-PARTY NOTIFICATION:
A GOOD SAFETY NET

What is third-party notification? You can designate a trusted relative, friend, clergy member or social worker to receive a shut-off notice from PECO when you fall behind on a bill. That way, if you (or someone close to you) becomes ill, is no longer able to handle their affairs, or is away for an extended period of time, there is someone who can contact PECO for you. Find out more at peco.com/help or by calling 1-800-494-4000.

Phillly’s iconic LOVE sculpture was lent to the city for the 1976 bicentennial celebration by its creator, Robert Indiana. A few years later, it was purchased and gifted to the city. In conjunction with the renovation of JFK Plaza, better known as LOVE Park, the sculpture was restored, repainted and reinstalled in 2018.
