

NOTICE OF PROPOSED ELECTRIC RATE CHANGES

To Our Customers:

PECO is filing a request with the Pennsylvania Public Utility Commission (PUC) to increase your electric rates as of May 29, 2021. This notice describes the Company's electric rate request, the PUC's role, and what actions you can take.

PECO has requested an overall electric rate increase of approximately \$246 million per year. If the Company's entire request is approved, the total monthly bill for a residential customer using 700 kWh would increase by \$9.68 from \$100.29 to \$109.97 or by 9.65%.

The total monthly bill for a commercial customer using 10,000 kWh would increase from \$814.40 to \$859.08 or by 5.49%.

The total monthly bill for an industrial customer using 200,000 kWh would increase from \$14,368.90 to \$15,041.87 or by 4.68%.

To find out your customer class or how the requested increase may affect your electric bill, contact PECO at **1-800-494-4000**.

The rates requested by the Company may be found in Electric Service Tariff No. 7. You may examine the material filed with the PUC, which explains the requested increase and the reasons for it. A copy of this material is kept at PECO's office.

Upon request, the Company will send you the Statement of Specific Reasons for Proposed Increase in Electric Rates, explaining why the electric rate increase has been requested.

A copy can also be reviewed by visiting <https://www.peco.com/MyAccount/MyBillUsage/Pages/Filings.aspx>.

The state agency which approves electric rates for public utilities is the PUC. The PUC will examine the requested electric rate increase and can prevent existing electric rates from changing until it investigates and/or holds hearings on the request. The Company must prove that the requested electric rates are reasonable. After examining the evidence, the PUC may grant all, some, or none of the request or may reduce existing electric rates. The PUC may change the amount of the electric rate increase or decrease requested by the utility for each customer class. As a result, the electric rate charged to you may be different than the electric rate requested by the Company and shown above.

(Over)

There are three ways to challenge a Company's request to change its electric rates:

1. You can file a formal complaint. If you want a hearing before a judge, you must file a formal complaint. Due to the COVID-19 pandemic, a hearing likely will be held virtually. By filing a formal complaint, you ensure yourself the opportunity to take part in hearings about the electric rate increase request. All complaints should be filed with the PUC before June 29, 2021. If no formal complaints are filed, the Commission may grant all, some or none of the request without holding a hearing before a judge.

2. You can send the PUC a letter telling why you object to the requested electric rate increase. Sometimes there is information in these letters that makes the PUC aware of problems with the Company's service or management. This information can be helpful when the PUC investigates the electric rate request.

Send your letter or request for a formal complaint form to the:

Pennsylvania Public Utility Commission
Post Office Box 3265
Harrisburg, PA 17105-3265

Complaint forms can also be accessed at the PUC website:
https://www.puc.pa.gov/general/onlineforms/pdf/official_complaint_form_final.pdf.

3. You can be a witness at a public input hearing. Public input hearings are held if the Commission opens an investigation of the Company's electric rate increase request and if there is a large number of customers interested in the case. At these hearings you have the opportunity to present your views to the PUC judge hearing the case and the Company representatives. All testimony given "under oath" becomes part of the official electric rate case record. These hearings are normally held in the service area of the Company, however due to the COVID-19 pandemic they likely will be held virtually.

For more information, call the PUC at **1-800-692-7380**. You may leave your name and address so you can be notified of any public input hearings that may be scheduled in this case.
