

GAS RATES TO CHANGE BEGINNING JANUARY 1, 2021

Beginning with service provided January 1, 2021, changes will affect your monthly gas bill. For a residential customer using 80 cubic feet (Ccf) per month, the effect of these approved changes is a total decrease of \$1.36 to the typical monthly bill, from \$73.33 to \$71.97, or 1.85%. For a commercial customer using 400 Ccf per month, the bill will decrease by \$5.92, from \$337.04 to \$331.12, or 1.76%. The enclosed bill reflects these changes. Here are the details:

Federal Tax Adjustment (FTA): The FTA refunds the years 2018, 2019 and estimated 2020 tax savings to gas customers as a result of the Tax Cuts and Jobs Act that was effective on January 1, 2018 and projected tax savings for the first half of year 2021. The new adjustment is a credit value of 1.10%. Compared to the previous charge of 1.74%, the new adjustment will result in a \$1.22 decrease including the Distribution System Improvement Charge (DSIC) effect for a typical residential customer using 80 Ccf per month. For a commercial customer using 400 Ccf per month, the decrease will be \$5.31 including the DSIC effect on the monthly bill.

State Tax Adjustment (STA): The STA will change from a credit of 0.36% to a credit of 0.55%. This change will result in a \$0.14 decrease for the monthly bill of a typical residential customer using 80 Ccf of gas per month and a \$0.61 decrease on the monthly bill for a commercial customer using 400 Ccf per month.
