**Brighten your bottom line
with energy-efficient lighting**

Get started with PECO financial incentives or contact a participating PECO Instant Lighting Discounts distributor to save instantly.

Don't miss out—**visit peco.com/business** to start saving.

PECO NATURAL GAS: SAFE, RELIABLE, AFFORDABLE

PECO works hard to ensure safe, reliable, affordable and clean energy for more than 529,000 natural gas customers. We maintain approximately 13,000 miles of natural gas transmission, distribution, and service lines in Bucks, Chester, Delaware, Montgomery, and Lancaster counties. In addition, PECO responds to reports of natural gas odors in less than an hour—99.9 percent of the time—which is one of the best response times among Pennsylvania natural gas utilities.

PECO RECEIVES AN 'EMPLOYER OF CHOICE' AWARD

We're honored to be recognized as one of the leading employers in the Greater Philadelphia region. Sponsored by the City of Philadelphia's Office of Workforce Development, the **Employer of Choice Award** recognizes an organization's commitment to creating opportunity and fostering career development. PECO is committed to creating a work environment that reflects the customers we serve, as well as employing the energy industry leaders of tomorrow.

The Benjamin Franklin Bridge is a suspension bridge across the Delaware River, connecting Philadelphia, PA to Camden, NJ. One of four bridges operated by the Delaware River Port Authority, the bridge was opened to traffic on July 1, 1926. The 7,456-foot span provides three modes of transportation, including seven vehicular lanes, the PATCO transit line and a pedestrian walkway.
