

This little guy has an odor
to protect itself.

Natural gas has an odor
to protect you.

If you smell this odor, leave the area immediately.
Then call PECO at **1-800-841-4141**.

PECO is committed to maintaining a safe and reliable natural gas system. **PECO injects odorant into its natural gas to give it a distinctive, rotten-egg odor.**

If you suspect a leak or smell gas inside or out, leave the area immediately.

Then call PECO's emergency line from a safe location.

Don't use matches or turn anything on, including cell phones. Even homes not using natural gas can experience gas leaks from outdoor equipment.

**To report a natural gas leak,
call 1-800-841-4141.**
