

Every day, your business is losing money by wasting energy.

Get a **customized energy report** from PECO and make today the day your business stops losing money with an underperforming facility. Learn where energy is being lost and which energy efficiency upgrades can help you cut costs and keep revenue right where it belongs.

- ▶ Discover how you can stop wasting energy at peco.com/BizReport.

PECO. The future is on.

PECO[®]

An Exelon Company

Businesses like yours are saving money thanks to energy efficiency upgrades they made after receiving their reports.

“[PECO] showed the cost savings and was back in a week with a breakdown of the fixtures to make sure they were in line with what we were looking for.”

*– Michael Bucklin, Asset Manager
Landhope Farms*

“It really gave us the opportunity to speed up the process of converting our residential areas to LEDs.”

*– Seth Beaver, Director of Facilities
Kendal-Crosslands Community*

“This report is a powerful tool to evaluate and justify our energy-saving strategy.”

*– David Director, Volunteer
Sustainability Committee,
Wallingford-Swarthmore
School District*
