

ELECTRIC RATES TO CHANGE BEGINNING JULY 1, 2020

Beginning with service provided July 1, 2020, the following change will affect your monthly electric bill. For a residential customer using 700 kilowatt-hours (kWh) per month, the effect of these approved changes is a total increase of \$0.02 to the typical monthly bill, from \$100.82 to \$100.84, or 0.02%. The enclosed bill reflects these changes. Here are the details:

Distribution System Improvement Charge (DSIC): The DSIC, which is shown as a separate line item on your bill, allows PECO to accelerate the modernization of the distribution system through the installation, replacement and relocation of electric equipment and facilities. The DSIC will increase from a value of 0.04% to a value of 0.08%.

This change will result in an increase of \$0.02 per month for a typical residential customer using 700 kWh per month. This change will result in an increase of \$0.10 per month for small commercial customers and \$1.36 for large commercial customers.
