

PECO - New Business

Application for Electric Service & Meter (S&M)

M-24175 Rev. 6/2022

INSTRUCTIONS:

Complete this application in its entirety and return **via EMAIL** to the appropriate PECO Office. Incomplete information WILL result in a delay in processing your application.

All work must comply with [PECO's Electric Tariff](#), [PECO's Electric Service Requirements manual](#), PECO's Standards AND be inspected by an [approved inspection agency](#) (*City of Philadelphia requests may be shared with Licenses & Inspections*).

Note: Not all service voltages are available in all areas. **Before purchasing electrical equipment or proceeding with wiring, obtain information regarding service availability and meter location from PECO.**

This application may be **cancelled within 90 days** of PECO's response date if no further communication is received.

NOTE: For 'make-safe' requests (de-energize/cover lines) please click here: [Make-Safe online request](https://secure.peco.com/SafetyCommunity/Safety/Pages/MakeSafeRequest.aspx) (<https://secure.peco.com/SafetyCommunity/Safety/Pages/MakeSafeRequest.aspx>)

If demolishing a building and require electric or gas facilities removed: **Call: 8-1-1 (PA One Call) Demolition Requests**
